

# 99th Annual AHEPA Family Supreme Convention

ATHENS, Greece

**AHEPA founded in 1922, serving Hellenism across the globe for 99 years,  
promoting Education, Philanthropy, Civic Responsibility and Family  
Excellence.**

**OFTEN IMITATED, NEVER DUPLICATED!**

ORDER OF AHEPA  
SUPREME LODGE HEADQUARTERS  
AMERICAN HELLENIC EDUCATIONAL PROGRESSIVE ASSOCIATION

*OFFICE OF THE SUPREME PRESIDENT*

July 2021

To the Delegates & Alternates of the 99th Supreme Convention:

Brothers, it has been my esteemed pleasure to serve as your Supreme President for the 2019-21 administrative years.

COVID changed the world and you were part of it. With your assistance and unwavering support, we continued to meet our mission, address challenges affecting the American Hellenic community, and rise to new heights, despite the challenges. In doing so, we never lost focus and we remained committed to a level of excellence in community service and volunteerism that is unparalleled.

With initiatives like AHEPACares and our outreach of support to Greece, it was a wonderful and exciting time to be a member of AHEPA. We should all take stock in knowing that the AHEPA is alive and well in this country and in countries abroad.

When I was elected to the highest office of our great fraternity, I was clueless as to the depth and scope of the wonderful work we do. I am in awe of the tremendous man power which is exerted by our chapters all across the United States and to all of our chapters in Canada, Europe and around the world! We are part of a growing organization, and I was proud to be able to serve.

Thank you for affording me the opportunity to lead our great Order. I could have never have dreamed this opportunity would become reality. As we enter into our 100<sup>th</sup> Anniversary next year, I am confident we will cross paths again as we are planning tremendous events all year in 2022! God Bless You.

Fraternally,

George G. Horiates  
Supreme President

July, 2021

My Brother AHEPANs,

It is my honor and pleasure to greet you on the occasion of the 99th Supreme Convention in Athens, Greece.

Having cancelled the convention last year, we are eager to gather in the birthplace of Hellenism to celebrate the 200th Anniversary of the War of Independence with our brothers.

The Daughters of Penelope are honored to participate in the celebration with you. Over 90 years ago, our Founder Alexandra Apostolides Sonenfeld had a mission to start a Women's organization that focused on Philanthropy, Education, Civic Responsibility, Personal Excellence and Hellenism. Each and every one of our Chapters has emulated this mission.

This past year has been a challenge, a challenge Sisters have met with creativity and flexibility. Our chapters have mobilized to help during this pandemic in numerous ways including financially and psychologically. As an AHEPA Family it is important to meet the needs of our members and work with them in the most supportive way. I have had the opportunity to meet sisters from around the globe this year and not only do we believe that Together we are Stronger and Together we Thrive but TOGETHER WE ARE UNITED!

Love in Theta Pi,

Vasilia (Celia) Kachmarski  
Grand President  
Daughters of Penelope

# The Order of the Sons of Pericles

NATIONAL HEADQUARTERS

202-232-6300 | FAX: 202-232-2140  
[WWW.SONSOFPERICLES.ORG](http://WWW.SONSOFPERICLES.ORG)

Brothers & Sisters,

It is my honour to address you as the Supreme President of the Sons of Pericles on this joyous of occasions. Not only is the Supreme Convention a time for the AHEPA Family to come together and celebrate, it is also a time to critically examine how we can continue to succeed and improve. Throughout this past year the global pandemic has continued to be a major obstacle. However, thanks to technology, we were still able to keep in touch with our friends and families, even if it was not in the way we might have wanted to. We rejoice that AHEPA is able to meet in person to celebrate their 99<sup>th</sup> Anniversary and the Anniversary of Greece's Bicentennial, and the hard work that each and every one of us has done to contribute to the future successes of the AHEPA Family.

The Sons of Pericles have continued our hard work and persevered through the past year, pushing through these stressful times and overcoming the obstacles presented to us. We are thrilled to report that we have successfully reactivated four chapters of our Order. Most recently, with the help of their local AHEPA Chapter, we were able to reactivate Sons of Pericles Olympic Chapter CJ001 in Montreal, Quebec, on the 90th anniversary of their initial founding! We eagerly anticipate being able to continue to watch our chapters grow and to work closely with our Brothers. If you have any young men in your communities who qualify for membership in the Sons of Pericles, we encourage you to please reach out and we'll take care of the rest.

I would like to extend my gratitude to the Ahepans, Daughters of Penelope, and Maids of Athena that have worked with and helped support the Sons of Pericles this year. We ask that you continue to support us in the future as we focus on sustaining and strengthening our presence in communities throughout the entire AHEPA Global domain. Our goals moving forward include making sure that the Sons of Pericles are represented, active, and organized in as many communities as possible. If you do not currently have a Sons of Pericles Chapter in your local community, please consider reaching out to the Supreme Lodge so we can help you get one started.

On behalf of the Sons of Pericles, best wishes for successful deliberations and congratulations on the culmination of another year as an AHEPA Family. It has been my pleasure to serve the Order this past year and I look forward to working with the Sons of Pericles to fulfill their goals far into the future. Proud to be a Son!

Fraternally,

Timothy Noitsis  
Supreme President  
Order of the Sons of Pericles

July, 2021

Brothers and Sisters of the AHEPA Family,

The past two years have been unprecedented. Instead of traveling, we continued signing on our computers and dialing in from our phones meeting and developing the same great ideas and great work that the AHEPA family has always done. If these two years have shown us anything, it is that we do not have to be together to continue to make an impact.

Maids of Athena Chapters across the United States and Canada have pulled together meeting, hosting virtual yoga classes, and engaging members in various virtual events; thus, continuing to create bonds and form relationships even while being apart. The bonds created and kept within this organization are what makes our AHEPA Family unique, and what has helped this organization prosper for over nine decades. The only way we can ensure the longevity of our senior orders is by working to strengthen and grow our junior auxiliaries.

The Maids of Athena and the Sons of Pericles are the future, and the present, of our wonderful organization. We rely on our senior brothers and sisters, our advocates on the ground, to help us grow, and I urge everyone to ensure that the support of the youth is a discussion throughout your district discussions. Know that our Grand Lodge is always available to assist in the strengthening and expansion of our order.

On behalf of the entire Maids of Athena Grand Lodge, I offer our best wishes for continued success and growth in the years ahead.

In Pi Alpha,

Theodora Ronstadt  
Maids of Athena Grand President

***Persistence***

July 2021

Dear Brothers and Sisters:

2020 will go down in the history of AHEPA as the year of the terrible Pandemic, COVID! WE will never forget all the people we lost and those who suffered through the illness. As a survivor myself, I can tell you that during my illness, nothing made me feel better than when my brothers called to see if I was doing well. This is the cornerstone of our organization, our brotherhood.

Our fraternity survived many challenges since its founding in 1922, this COVID is just another. Together my friends we have been able to do a great many things. These past two years have shown what this great organization can do when times get tough. I read on one of our emails, "When times get tough; the AHEPA gets going" this resonated with me. AHEPA has been and seen so many things and has weathered them all. Our chapters are growing.

Together with Supreme President Horiates, I tried to make sure that Canada was well represented at every event. When we visited Athens, we made sure to call on the Canadian Ambassador and at every opportunity in Canada we made sure to recognize that our Supreme President was there.

Chapters from Vancouver to Nova Scotia know AHEPA, and tomorrow they will see us on the world stage. Our support of events, schools, hospitals and day care centers is awe inspiring.

As we begin to finish out terms, all of us want to thank Supreme President Horiates for his leadership and to all the members of the Supreme Lodge for all their support.

Faternally,

Christos Agyriou  
Canadian President

OFFICE OF THE ARCHBISHOP

## GREEK ORTHODOX ARCHDIOCESE OF AMERICA

Mr. George G. Horiates, Supreme President  
AHEPA  
1909 Q Street, NW, Suite 500  
Washington, DC 20009

July 1, 2021

Dear Supreme President Horiates,

I write to you with sincere blessings and warm encouragement as you make preparations for AHEPA's 99th Anniversary and the AHEPA Supreme Convention, scheduled for July 25-31 of this year, in Athens. The choice of AHEPA to be in the Motherland of Greece in this Bicentennial Year of the Commencement of the Greek Revolution is exceptionally poignant. For it was the contributions of the Greeks of the Diaspora that were indispensable to the success of the Revolution and to the creation of the Modern Greek State. The fact that both the leadership of the Church of Greece and the Hellenic Republic will honor you by their presence speaks volumes for the significance of AHEPA.

The American Hellenic Educational and Progressive Association, founded on July 26, 1922 — the very date when you will be in Greece — is a vital and necessary organization of all Hellenes abroad. Through this fraternity, you give expression to your love of Greece, and you bring the very best of Hellenic culture and ideals into the societies in which you live.

Celebrating the AHEPA Supreme Convention in Greece during the Bicentennial Year gives a powerful and inspirational signal to our fellow citizens of Greece, and to the Omogeneia around the globe. AHEPA is to be congratulated for its commitment and devotion to Greece, and to the ideals that enable the educational leadership of Greek Paideia, and the progress of the entire human family, made possible by the Hellenic values and ideals of democracy and freedom. May your gathering in Greece be a true νόστος, the longed-for homecoming that is the essential marker of the Greek adventure.

With blessings in our Lord Jesus Christ,

† ELPIDOPHOROS  
Archbishop of America

Honorable AHEPA Supreme President, Dear AHEPA members,

I would like to extend my congratulations on this special occasion of the 2021 AHEPA Supreme Convention. This year's celebration is an excellent opportunity to strengthen the ties among your members and to keep the flame of active involvement alive, reminding us what AHEPA stands for. The unparalleled devotion and engagement, as well as the relentless commitment of your members to the values of Hellenism, offer a great service to our country. Philanthropy, education, civic responsibility, justice, and solidarity are AHEPA's principles.

This year marks AHEPA's 99th Anniversary, and of course the bicentennial of the 1821 Greek War of Independence against the Ottoman Empire, which led to the establishment of the Modern Greek State; a national and collective effort for freedom, democratic self-governance, and equality, in which the Greek

Diaspora has played a decisive role since the very first moment. In this spirit, I would like to seize the opportunity to welcome you as Greece's informal ambassadors and invite you to forge together our country's future path. It is a collective endeavor, which should bring everyone on board.

Dear compatriots,

Indisputably, this year's event takes place in turbulent times. The pandemic keeps challenging the resilience of our societies, forcing us to adapt to a new reality. Social empathy, unity, solidarity, and a sense of individual responsibility are the keys to success. AHEPA, faithful to its values and principles, has always been at the forefront of benefaction.

On behalf of the Greek people, I would like to wholeheartedly thank you for your longstanding tradition in the field of charity and civic responsibility. I wish you and your members every success and best of luck in your future projects.

Katerina Sakellaropoulou  
President  
Republic of Greece

**MESSAGE FROM THE PRIME MINISTER OF GREECE  
ON THE OCCASION OF THE 99<sup>TH</sup> ANNUAL AHEPA FAMILY SUPREME  
CONVENTION  
July 2021**

It is with great pride that I welcome you to Athens for AHEPA'S 99<sup>th</sup> Supreme Convention. I am immensely grateful that you are here.

In our homeland.

In person.

Celebrating modern Greece in this our bicentenary year of independence.

This has not been the easiest of years for any of us. And so, to make the journey here, to Greece, in the numbers you have, is a powerful symbol of your commitment to the Hellenic cause. Thank you.

But our struggles in 2020 and 2021, are nothing compared to the struggles of our forefathers two hundred years ago. They fought for an independent Greece where our culture and our people can flourish; where our values of tolerance, of openness, of freedom and democracy can be expressed. We celebrate their courage this year – 2021 - in particular.

It is fitting that AHEPA - the backbone of our diaspora in America is here with us - as we remember the great descendants of our country, whose vision and courage led to the founding of what has become modern-day Greece. Their actions between 1821 and 1830, led to the blossoming of the Hellenic community around the world, tracing a line to the inception of AHEPA a century ago.

We owe a debt of gratitude to AHEPA, your work in North America, and with communities beyond. Your mission to support the integration of the first Greek immigrants in America, and promote our culture of community, of civic engagement, of progress through education and personal philanthropy helped co-author the great American story.

You could say that those first pioneering Greek immigrants embraced the American dream with *entheos* – adopting to their hearts the notion of American citizenship as best expressed by J. F. Kennedy: “Ask not what your country can do for you, but what you can do for your country”.

From the Civil War to the abolitionist movement, they helped usher America through the industrial revolution, helping build its infrastructure and provide energy, with thousands working on the railroads and underground in the coalmines. They helped build modern America, creating businesses, supporting health and education, and volunteering in droves to fight on behalf of America in all major conflicts.

The descendants of these first immigrants are today part of mainstream America, excelling in all fields, including the sciences, business, the arts, education and public service among others, placing great value on education and their Greek heritage.

Today, AHEPA continues to be an essential part of the Greek American community, working to preserve Greek culture and traditions for future generations, but also contributing and making a difference across both sides of the Atlantic. And in so many ways, AHEPA's founding mission, to stand against bigotry, believing that everyone deserves dignity, respect, and equal rights and opportunities, remains as critical an objective today, as it was back then.

This year as we celebrate the Bicentennial of the Greek War of Independence, the Greek State is especially mindful and grateful for the Greek Diaspora's contribution to the homeland. From the founders of the Filiki Etaireia and throughout to today, the Greek Diaspora was at the forefront of the nation's fights, flag bearers of Hellenism around the world.

We continue to do their work today, driving Greece forward into the future, evolving our national story and ensuring that Greece continues to play its part in the world. As you will see during your time with us, Greece today is changing again.

We have turned our backs on a decade of chaos and introspection, and are building a nation that creates opportunities for everyone. A nation where we cherish and protect our natural environment, while at the same time embracing all the benefits that come from digital technology. Things are changing for the better, and my government is committed to doing everything it can to shape a great future for our country and our citizens.

On March 25 this year, I stood just a few meters from where you are meeting and laid a wreath at the tomb of the unknown soldier. To the right of the sculpture is an inscription from Thucydides's, History of the Peloponnesian War. It reads: "ΑΝΔΡΩΝ ΕΠΙΦΑΝΩΝ ΠΙΑΣΑ ΓΗ ΤΑΦΟΣ"; "The whole earth is the tomb of famous men".

I want to finish by completing the quote, because Thucydides goes on to say that not only are those famous men commemorated by memorials in their own countries, "but in foreign lands there dwells also an unwritten memorial of them, graven not on stone but in the hearts of men".

This year we remember those famous men of Hellenic descent who fought here to free Greece, but also the men and women who came after them. They took our values and our culture to lands far from here and in doing so contributed in a profound way to modern society everywhere.

Today, their spirit is alive here in Greece. That flame continues to inspire generation after generation. And, I leave you with this thought: in many ways, the best is still yet to come.

Kyriakos Mitsotakis  
Prime Minister

THE MINISTER FOR FOREIGN AFFAIRS

Athens, May 28<sup>th</sup> 2021

Ref: E/278

*It is my greatest honor to partake in the works of the annual Supreme Convention of AHEPA celebrating both the 99th anniversary of the oldest and more prominent global Hellenic Heritage Organization, as well as the 200 years since the beginning of the Greek Revolution.*

*All of us, Greeks living in the homeland, feel an immense appreciation and gratitude for Greeks living and prospering around the globe, who are always keeping in their minds the well-being of our country and tirelessly work to this end.*

*With such ambassadors of the democratic values and humanitarian ideals our country represents, the Greek nation shall never perish.*

Nikos S. Dendias

**Mr. George G. Horiates, Esq.**  
**Supreme President of the**  
**American Hellenic Educational Progressive Association**

**Message of the Minister of Foreign Affairs of the Republic of Cyprus  
H.E. Nikos Christodoulides  
on the occasion of the 99<sup>th</sup> AHEPA Supreme Convention**

It is with great pleasure and joy that I convey a message of warm greetings and congratulations on the occasion of AHEPA's 99<sup>th</sup> Supreme Convention, which is taking place in Athens, between July 25<sup>th</sup> – 31<sup>st</sup>, 2021.

Over the many years since its establishment, AHEPA has distinguished itself as one of the most prominent and deeply respected organizations of the Hellenic Diaspora in North America. A powerful grassroots community with wide membership, active chapters and a very strong and influential voice, AHEPA stands as a glowing example of dedication to the values of civic responsibility, education, philanthropy and a deep pride in our Hellenic roots and ethos.

We are proud of the fact that AHEPA has been able to preserve our Hellenic identity in the United States by honoring our heritage, our history and our ideals. It is this unique blend that has enabled Greek and Cypriot Americans to become a highly successful community, earning the admiration and respect of all fellow Americans.

At the same time, we are truly grateful for AHEPA's continued support and tireless efforts in promoting our just causes. In these troubled times, we have no doubt that, now more than ever, AHEPA will remain as actively engaged in upholding the interests of Cyprus in the United States and in providing its invaluable assistance where needed.

Allow me to extend to all of you our heartfelt appreciation for all your remarkable achievements, as well as warmest best wishes for continued success in the important tasks that lie ahead.

Nikos Christodoulides

Minister of Foreign Affairs of the Republic of Cyprus

Dear Supreme President of AHEPA Mr. George G. Horiates and Members of the Order of AHEPA:

First of all, I would like to express my congratulations along with my gratitude to AHEPA for the exceptional services it has been offering for 99 years to Hellenism, promoting the Greek cultural heritage & values throughout the world and in the USA.

Suffice to say that the historical ties that unite Greece and the United States are stronger than ever, with the concept of Democracy and the ideals of freedom and

human dignity being the fundamental values of the Greek heritage incorporated in the Declaration of Independence. The common historical route of Greeks and Americans is so interrelated not only because the American Revolution inspired the Greek heroes of 1821 to fight with bravery and determination for their independence, but also because the people of both nations have always been and remain to be on the right side of history against everything illiberal, authoritarian and nefarious.

It also goes without saying that the common threats and challenges we are called upon to address nowadays are complex, widely spread and manifesting themselves both in conventional and unconventional ways, making synergy and cooperation more necessary than ever before in order to tackle all those factors that undermine security and stability in our region.

Greece has always had the military capabilities for maintaining constant vigilance to cope as appropriate and necessary with aggression and instability, and that is the main reason for being considered a credible ally, partner and friend. Because of this, Greece has been rightly recognized as a pillar of peace and stability in the Balkans, the Eastern Mediterranean and beyond, and will certainly remain so, for as long as it takes. This role is inscribed in Greece's destiny from ancient times, with the legacy of the glorious 1821 constituting our beacon on our pathway to honor and duty for the years to come.

And this is why the historical point in time of the 200th anniversary of the Greek Revolution, along with the 99th anniversary of AHEPA, becomes a most significant milestone, supporting the very essence of the relationship between Greece and the USA, on the basis of our common democratic values and the ideals of Western Civilization. Our duty in the coming years is to work together to strengthen even more this unique strategic cooperation for the sake of peace and stability, and for the prosperity of our nations.

That being said and on a more personal tone, I would like to express to all of you my profound appreciation for your decision to bestow upon me the honor of the "2021 AHEPA Military Medal of Honor", as well as my deepest gratitude to the AHEPANS for all they have done and continue to offer to Hellenism worldwide, thus solidifying the strong ties of friendship and cooperation between Greece and the United States.

Thank you.

General Konstantinos Floros Chief of HNDGS

**HELLENIC REPUBLIC**  
**MINISTRY OF FOREIGN AFFAIRS**  
**THE DEPUTY MINISTER**

Athens, May 30<sup>th</sup>, 2021

Dear Supreme President,  
Dear AHEPA members,  
Dear Greeks all over the world,  
Dear friends,

With this message, I would like to congratulate you on the occasion of AHEPA's annual Supreme Convention, which this year celebrates 99 years of productive life and civic service. It is with great honor I am given this opportunity to express my admiration for your commitment and devotion to the principles AHEPA has represented throughout all these years. You have continuously served our Nation's ecumenical values, a service which, as we are looking forward to AHEPA's next year centennial anniversary, makes us feel prouder than ever.

For more than a year, the world has been facing an unprecedented health crisis. The Covid-19 compelled countries and their peoples to reposition their priorities in order to protect the highest of all values, Life. In Greece, we still fight against the virus with all our forces. And now, a year after the outbreak of the pandemic, and after having collectively reacted with social responsibility and unity, we are envisioning a future of prosperity and growth. In this context, I would like to highlight the role of AHEPA in overcoming this -once in a lifetime- global challenge. We are grateful to you because, once again, you demonstrated your long-standing tradition in the field of solidarity and community spirit.

Dear compatriots,

2021 marks the distinct moment of the completion of two hundred years since the outbreak of the Greek Revolution. It is undoubtedly a landmark year for Greece; a unique opportunity to look back to our Nation's brilliant achievements and to envision an even brighter future for the next generations. This is a joint exercise we should conduct all together, both Greeks from homeland and Diaspora Greeks from every little corner in the world, so as to be prepared to tackle united the challenges that lie ahead.

With these few words, I would like to wish AHEPA the best of success in its future activities. As we are kicking off the "Century of Service" campaign, I am looking forward to next year's great centennial celebrations, which will unfold a new century of your invaluable services to Greece's inspirational ideals.

Thank you.

KONSTANTINOS VLASIS

Konstantinos Vlasis, Deputy Foreign Minister

Congress of the United States  
House of Representatives  
Washington, DC 20515-0909  
Gus M. Bilirakis

July 25, 2021

George G. Horiates, Esq., Supreme President  
American Hellenic Educational Progressive Association  
1909 Q Street, Northwest  
Washington, D.C. 20009

Dear Pres. Horiates & my fellow AHEPAns,

It is my pleasure to welcome you to the great city of Athens for the 99th Annual International Supreme Convention of the American Hellenic Educational Progressive Association (AHEPA), in celebration of the 200th Anniversary of the Independence of Greece. I regret that my duties in Washington, D.C. prevent me from joining you in person.

As a proud AHEPAN and Co-Chair of the Congressional Caucus on Hellenic Issues, I enthusiastically support AHEPA's ongoing mission to promote the ancient Hellenic ideals of education, philanthropy, civic responsibility, integrity, and family and individual excellence through community service and volunteerism. I have always stood with AHEPA on these issues and I am proud to be your voice in Congress, especially, as it relates to preserving our *thriskeía* and protecting persecuted Christians in the Middle East and throughout the world.

As our nation's largest and oldest Hellenic organization, I applaud AHEPA's commitment to advancing the ideals of ancient Greece through a history of service to people around the world. I wish you a most enjoyable and productive convention in celebration of AHEPA's 99th anniversary!

God bless,

Gus M. Bilirakis  
Member of Congress

Congress of the United States  
House of Representatives  
Washington, DC 20515-0909

May 31, 2021

Dear Friends,

It is my pleasure to welcome you to the American Hellenic Educational Progressive Association Supreme Convention! While we have all had an extremely difficult year, I am glad you are celebrating the 99th Anniversary of AHEPA together. As a proud member of the Congressional Hellenic Caucus and the Committee on Foreign Affairs, I am grateful to have frequent opportunities to learn and discuss issues of importance to the Greek American community. I know we are all excited to mark the 200th anniversary of Greece's Independence Revolution this year.

Your work is near and dear to my heart and heritage. My grandfather emigrated from Greece in 1911, landing at Ellis Island and embarking on a new life in a new country. Like many Greeks, he was in the restaurant business. His Plaza Café was located across from the courthouse and many local community leaders often sat around the back table drinking coffee and talking politics. Looking back, I guess that's where I got my start.

While my grandfather left behind the people and the place he loved in Greece, he brought a spirit and work ethic with him that helped him succeed in the United States. He taught my sister and me that Hellenism is not limited to one place, people, or time -- it is an endowment of culture, philosophy, history, and democratic principles that inspires the world.

Supreme President George Horiates, thank you for your leadership. Please know that I will continue to advocate for a strengthened relationship between the U.S. and Greece with my voice and my vote. Whether fighting the rising aggression of Turkey, supporting the reunification of Cyprus, or advocating for increased bilateral and trilateral partnerships with our allies, you can count on me to work toward a more secure and prosperous Eastern Mediterranean.

I will always work to promote and defend the Hellenic values my grandfather passed down to me at a young age. It is part of my DNA.

I have no doubt this convention will be a successful one and I look forward to many more to come. Congratulations to AHEPA on this anniversary!

Sincerely,

Dina Titus - Member of Congress

AHEPA SUPREME CONVENTION ALBUM  
Message from the Presidential Commissioner of the Republic of Cyprus,  
Mr. Photis Photiou

It is with distinct honor and great pleasure that I extend my warmest greetings to the organizers and delegates of this year's annual AHEPA International Supreme Convention, the 99th since its establishment, and express my deepest gratitude for the invitation to attend and address the Convention.

I would like to thank the Order of AHEPA for their decision to be presented with the "2021 AHEPA George E. Paraskevaides Award" which I accept with profound honor and privilege.

AHEPA as the largest and oldest Greek-American Organization with Chapters across the globe promotes the ideals of Hellenism, philanthropy, family and excellence. Through their charitable work, their exceptional achievements, the core values and principles that they exemplify, and most notably their long-standing contribution to Cyprus and the Cyprus Diaspora, they make us in Cyprus feel extremely proud.

AHEPA's contribution has been indeed instrumental in mobilizing the interest and the involvement of key policymakers in the United States and elsewhere in our efforts to reach a settlement on the Cyprus Question and thus we are very grateful. It would be amiss on my behalf if I did not extend my sincere gratitude and appreciation for their continuous cooperation and support in our efforts to solve the humanitarian issue of the missing persons.

To conclude, allow me to wholeheartedly commend and congratulate the AHEPA family and especially the Supreme President, for maintaining and empowering their bonds with homeland and wish them every success in the deliberations of the conference.

# CITY OF ATHENS

It is my great honor and joy to celebrate the 99th anniversary of the Order of AHEPA in Athens and welcome fellow Greeks from around the world to our great city. As we close in on the organization's centenary, it is fascinating to observe how an association that started as a response to prejudice and discrimination has evolved to become a paragon of love and solidarity. We are all moved by the tireless work of all AHEPA Chapters across the United States, Canada and Europe, in service of those who require assistance, upholding the values and ideals of Hellenism.

The way Ahepans across the world have cherished and celebrated their Greek identity throughout ten decades of work is undoubtedly inspiring. This year's Supreme Convention coincides with the Bicentennial of the Greek Revolution, an anniversary that reminds us all of the tenacity of our ancestors in their fight for freedom, a fight that echoes throughout the centuries, humbling and motivating all of us.

This is also a year of great changes for the City of Athens, as we are going forward with much needed reforms, in large part informed by our experience with the pandemic. Despite the immense challenges we faced, we have done our best to use the new circumstances as a springboard for new development and an incubator of new opportunities. We have begun an unprecedented upscaling of the infrastructure of the city, in the spirit of inclusive sustainability, geared towards a major upgrade of the quality of life the city offers its residents and its visitors. I am proud and happy to have you all join us in this new era of Athens.

Let this event mark our joint move towards a collective restart after the standstill of the pandemic, reaching new heights of synergy and collaboration.

Mayor Bakoyiannis, Athens Summer 2021

**BANK OF GREECE**  
EUROSYSTEM

GOLD SPONSOR OF THE COMMITTEE'S  
NUMISMATIC PROGRAM

*Dear AHEPA Members, Dear Compatriots,*

*With great pride and pleasure, I greet and welcome you in Athens for the 99<sup>th</sup> AHEPA Supreme Convention which takes place during this highly symbolic year for Greece, on the 200<sup>th</sup> anniversary of the start of the war of Independence and the eventual establishment of the modern Greek State.*

*The Greek Revolution of 1821 was a landmark event that shook the World and European order of the times and led, after almost ten years of war and diplomacy, to Greece's independence and, subsequently, to a new reality in the Balkans and Southeastern Europe.*

*In bringing that Herculean effort to a successful conclusion, a worldwide mobilization of Greeks and Philhellenes was required, with expatriate Greeks taking a crucial role in mobilizing support, offering financial assistance and physical presence on the ground. Especially Americans, bearing their own fight for independence in mind, were moved by the small Greek nation which aspired to establish liberal and representative institutions.*

*Today, Greece celebrates its bicentennial anniversary of independence, thinking about the past and gazing into the future with confidence and dynamism. The anniversary is an excellent occasion for an in-depth reflection among us but also an opportunity for the country to reintroduce itself to the world. In this spirit, the "Greece 2021" Committee invited Greek society and Greeks from around the world to submit proposals for actions and events, and received an overwhelming support from local authorities, institutions, associations, foundations and active citizens in 47 countries, in all continents.*

*AHEPA and its members, always at the forefront of supporting Hellenism, of Philanthropy and civic responsibility, are an integral part of this celebration and a driving force in looking ahead. Our thriving community in the United States, Canada, Australia and Europe is the vital link between you and the motherland and the link between Greece and your home countries.*

*I am happy to be among you today, proud for all we have achieved together as a nation in the 200 years of the modern Greek State, and confident that the third centenary of Greece will be a source of pride and confidence for all.*

*Gianna Angelopoulos-Daskalaki*  
*Ambassador-at-Large*  
*President "Greece 2021" Committee*

## **REPORT OF SUPREME PRESIDENT GEORGE G. HORIATES**

To the delegates and alternates of the 99<sup>th</sup> AHEPA Supreme Convention, Finally, at long last we have a Supreme Convention and one that will not be forgotten. AHEPA's 99<sup>th</sup> Supreme Convention is a victory in many ways. The COVID-19 global pandemic that reached our communities brought with it many challenges. Each of you is to be commended in adopting to the new normal and in ensuring AHEPA continued to thrive in living up to its mission statement.

A recap is certainly in order. In the summer of 2020, AHEPA took the extraordinary measure of cancelling its Supreme Convention in Orlando, Florida. Great effort was made through emergency rulings to allow all elected positions of the Supreme Lodge, Board of Trustees and Board of Auditors to be extended for a year. Exhaustive measures were taken to notify members of the AHEPA family of our actions.

Since that time, mankind was subjected to a second and third wave of the pandemic. In what we were told by world leaders was a warp speed pace, finally this year many pharmaceutical companies have been able to produce vaccines against the virus. A vaccine rollout unlike any other in human history ensued, and ensues.

It is against this background that the 99<sup>th</sup> AHEPA Supreme Convention kicks off in person. In not a moment too soon, AHEPA has been able to be here, in Athens, Greece for a much-anticipated celebration of the Bicentennial of Greece. A special appreciation to each of you for taking this step, a coming out party if you will for AHEPA and Greece, with your friends and your families.

I thank my wife and two young adult children, each and every member of the AHEPA Supreme Lodge, the Board of Trustees, the Daughters of Penelope Grand Lodge and members, the Sons of Pericles Supreme Lodge and members, the Maids of Athena Grand Lodge and members, the District Governors and their lodges, the Executive Director and all of the members of AHEPA Global Headquarters staff, our Past Supreme Presidents, AHEPA Housing, AHEPA Athletics and all of the members that comprise the programs that are our calling card as AHEPA.

Before we get to details, we give a thoughtful and loving pause in honor of all whom we lost along the way. In such a short time frame, many of you, and AHEPA itself, have experienced the loss of a loved one, or of an outstanding brother or sister. Their names roll off our tongues like an honor guard of great brothers. Their names need not be said here as the list would be overwhelming. Let it be known their memories are seared into our family stories, our collective conscious and in our chapter rolls. May their memory be truly eternal and everlasting.

## **PROGRAMS**

The pandemic continued to force the cancellation of events. This is the second year where AHEPA has not had a Capitol Hill Day, Presidential Excursion, Congressional Banquet or Regional Banquets. The Hellenic History Tournaments and Journey to Greece also fell victim to

the pandemic. These programs will be up and running with vigor, as well they should, in our next and most glorious Centennial year.

However, what we have been unable to do in person we have done our best to accomplish virtually. As you can see through the attached schedule, AHEPA maintained a commanding presence not just in person but virtually. Stating our case to the members of Capitol Hill, friends and doubters, we underwent a campaign of a daily and highly productive presence. AHEPA became exhaustive in our efforts as those that seek to extinguish Hellenism pushed it to the brink. AHEPA was successful in its attention to detail and its perseverance on these issues. So much so that we were successful in growing the Hellenic caucus even during the pandemic. We also had many discussions, events and programs with world leaders. Our discussions were frank, up close and personal. Participating with us in a very special program was His All Holiness Bartholomew I, Archbishop of Constantinople, New Rome and Ecumenical Patriarch.

On the heels of further deterioration of human rights by the Erdogan regime and its persecution of minorities, AHEPA recently added to its commitment to the issues facing the Ecumenical Patriarch by pledging \$100,000 as a founding member of the Patriarch Bartholomew Foundation. I am pleased to remind you that the Congressional banquet honoring His All Holiness Bartholomew I, Archbishop of Constantinople, New Rome and Ecumenical Patriarch will occur this fall. This event has been rescheduled for October 24, 2021. Much like this convention, we look forward to this historic occasion and to more events in person.

Our Educational Foundation continues to provide deserving students with financial assistance needed to pursue their academic dreams. This past year we awarded over \$100,000 (one hundred thousand dollars.) Counting all chapters and districts, over \$2,000,000 (two million dollars) in total scholarships have been provided this year.

Our Hellenic Cultural Commission played a crucial ingredient in providing virtual seminars on the Bicentennial of Greece and the unique role America played in support of the Greek War of Independence. This went hand in hand with our in-person campaign commemorating the Greek Bicentennial further stated further in this report.

AHEPA Service Dogs for Warriors continues to serve our veterans, unimpeded by the pandemic. In 2018, 14 service dogs were sponsored. In 2019, that number was eclipsed as 16 service dogs were sponsored. In 2020, 8 more have been sponsored with pledges for 5 more. In terms of training, the program is now up and running with the training of “Loucas”, named by Socrates Award winner Michael Psaros and his wife Robin in honor of Past Supreme President George E. Loucas. 45 service dogs have been sponsored by this program.

AHEPA Hospital Projects include the approval for licensure for the sub-burn unit proposed for Evangelismos Hospital in Athens. AHEPA’s grant to AHEPAN and Greek Ministry COVID-19 spokesperson, Dr. Theoklis Zaoutis, had his CLEO team produce multiple reports on the impact of their training of health care workers throughout Greece during the pandemic, designed to prevent the spread of the COVID-19 in Greece.

AHEPA Athletics held two well attended golf tournaments. Actually, the desire to get outdoors helped many districts with golf tournaments that came on line again in the spring. AHEPA Athletics will be presenting scholarship monies and recognition to scholar athletes this summer.

AHEPA Housing brought vaccinations to many communities throughout America. Also, the service provided to our nation’s elderly populations throughout the pandemic was admirable.

The now iconic image of vaccinations at AHEPA Housing, featured on CBS' broadcast of "60 Minutes" was placed on our *The AHEPAN* Spring edition magazine.

AHEPA History is a new program borne out of the upcoming AHEPA Centennial. The Bergen Knights Chapter 287 has volunteered to put up a web site dedicated to the cause of digitalizing and displaying our history. Special thanks to Constantine Mikelis for spearheading this effort. They have already placed many copies of our publication and other nuggets of our history online. I urge chapters and districts to log onto newspapers.com or search their chapter's archives and submit their chapter histories now. Log onto [ahepahistory.org](http://ahepahistory.org) to review the details.

In response to the California wildfires and hurricanes of the southwest, AHEPA chapters bound together as we opened again the AHEPA Emergency Fund. A special thank you to the chapters and to the district lodges for assisting the cause. We are pleased to report that these monies will go to a special project in Northern California in helping to rebuild a park there. It is also significant because the premises are run by the local Macedonian society, proof further that AHEPA helps its all of the members of the diaspora.

In response to an America of social unrest, AHEPA's Supreme lodge created the AHEPA Heroes medal. These medals are designed for police and other personnel that serve on the front lines. The responses so far in our communities has been overwhelmingly positive. The Supreme Lodge remains open to recommendations for this award.

## **MEMBERSHIP**

Membership – engagement, recruitment and retention - is a program unto itself. During the pandemic, many organizations saw significant declines. Our 2020-year end membership number represents a six year high. I do report that initiations have been lagging behind because of the pandemic and it is incumbent on us to get them going again. Another concern is there are a handful of districts that saw decreases. That is a trend that needs to be reversed as well.

Much space was devoted again this year in the magazine on this topic. Special messages on recruitment were reserved significant space, not only in the magazine, but in every AHEPA platform. Special messages throughout the year were sent to the members and the chapters in this time where AHEPA is needed more than ever.

The message continues to be, do not let COVID -19 act as an excuse. Do not take a day off. Although it is not the pre pandemic drastic increases that we sought, we are certainly doing something right. It is noted the last year six year high bested the previous year 5 year high. Positive increases are the trend.

Our goal, united, is to beat 15,102 of 2020 and to do so easily. Our goal should still be 100,000. We can get to 16,000 this year end. This is the only way we can show that AHEPA is a vibrant progressive association, and that it needs to be reckoned with in the civic realm. Continue to use the centennial membership banners. It has expanded the way many look at membership. It is the lifeblood of what we do, including all of our programs and in Defense of Hellenism.

## **AHEPA Cares**

AHEPA has coined many terms over the past years, but two terms stand out in the today's hashtag society. One is #AHEPACares and the other is #DefendHellenism. These two ideas, or programs unto themselves, stand for the notion that we continued this year as a brotherhood that transcended isolation. We stayed true to our mission statement in the midst of delayed decisions and postponed seasons.

During my report given last year on the AHEPA YouTube channel, we reminded the diaspora that this was, and is, a long haul. Specifically, the sentence "Let our record speak for itself, let our works be continual and let AHEPA Cares continue to excel, even as unwritten, in the future" was put forth. And you responded in giving great effort yet again.

AHEPA chapters and districts continued assisting with medical supplies, food and drink for first responders, medical personnel, essential employees, equipment, blood drives, and backing COVID-19 research. Donations were made to hospitals for the cause as well. This horrific exercise of our times brought out the best in us, increased our communications and of course brought each member closer to the great works of AHEPA Housing, mentioned earlier in this report.

The AHEPA Cares program was also highlighted as a historical marker in our almost century's worth of humanitarian assistance. The same was cited by US Ambassador Geoffrey Pyatt in recognizing the AHEPA, not of the past, but of today. We look forward to the continued unparalleled service of AHEPA into the future.

## **DEFENDING HELLENISM**

We are living in a Golden era for AHEPA grassroots advocacy. This is not hyperbole. Consider the following:

#DefendHellenism became an international movement on AHEPA's needed call to combat the lawless and unconscionable pandemic emboldened actions of Turkey. The Turkish government has stopped at nothing in attacking the territorial integrity of Greece and Cyprus. Erdogan tyrannically perpetrates economic, cultural, religious and historical assaults against every person whom treasures the principles of justice, peace, and religious freedom.

Turkey stepped up its actions during the pandemic. It sent migrants to Europe's borders by land and sea in a scheme to threaten the stability of the region and has violated the exclusive economic zone of Cyprus with exploitation and exploration for natural reserves that serves as a second invasion of Cyprus' territorial integrity. They have captured Greek soil, converted Agia Sofia and the Church of the Holy Savior into a mosque. They cut "deals" with minority regimes extending its false territorial claims all the way to Crete and used Covid-19 infected migrants, amongst other things.

Furthermore, Turkey invaded Syria, has supported Hamas, and has been caught as a corrupt influencer with United States officials. Erdogan violates the territorial sovereignty of Greece on land, air and at sea, and refuses to follow international law with regards to the sovereign integrity of any of its bordering countries, including Syria. Turkey also has recently threatened Israel, Greece, Cyprus, Armenia, Egypt and yes even the United States militarily.

AHEPA met the challenge to completely eradicate Hellenism

The year kicked off with chapters raising monies for border patrol equipment for front line patrols at Evros. A campaign that reached the White House, Le Burleymont and Parliament Hill ensued. In response to the conversion of Agia Sophia, we held a protest at the Turkish embassy in Washington, DC. We started a Boycott Turkey campaign that has been very effective. Then the UN with its blind eye marked its 75th anniversary gaveling in with a new general assembly President, Turkey's Volkan Bozkir. AHEPA published an op-ed on this genocide denier and his country's horrific record, calling those that turn a blind eye on the carpet. News outlets as far as India and Pakistan published this informational piece.

Continued "Action Alerts", the "Sanction Turkey" webpage, and exhaustive meetings with world leaders from Israel to Brussels, Cyprus to Washington, ensued. The result, with the assistance of chapters, was AHEPA's contribution to the United States sanctioning Turkey for its violations of the CAATSA Act. Most recently, on the heels of the Genocide recognition being passed through our efforts in Congress last year, President Biden recognized the Armenian Genocide. We are working on the same and equal recognition by President Biden.

Whether it was the partial lifting of the arms embargo on Cyprus or AHEPA's lead role with other groups involving a greater understanding of Greece, Cyprus and Israel relations, we are most proud of our civic engagement that continues to answer the call of duty, Defending Hellenism.

Tangible results indeed. This is a Golden era because the policy of appeasement by the West certainly has changed. These mountains were moved by chapters and members united in common cause and are proof positive that AHEPA is the leading worldwide organization in Defense of Hellenism.

We must continue to be vigilant. AHEPA's Global headquarters in Washington, DC and our commanding presence is interrelated to an expanding, involved and dedicated membership. We actually helped grow the Hellenic caucus during the pandemic. We also helped in our individual capacities as there are now 6 Greek Americans in the halls of Congress.

Don't stop increasing our membership, as all that AHEPA does is interrelated. Every day without increases in these areas is a day where the attack on Hellenism continues unchecked. Let us continue to be the leading organization worldwide with a commanding, vibrant and expanding presence.

## **GREEK BICENTENNIAL**

Our goal was simple. AHEPA pledged to lead the diaspora in the celebration of the Greek Bicentennial. The research involved was exhaustive. Basically, AHEPA taught the world the American assistance to the Greek Revolution as well as the nature of the 200-year alliance between the United States and Greece.

United States Ambassador to Greece Geoffrey Pyatt cited AHEPA's contributions, so did His Eminence Archbishop Elpidophoros of the Greek Orthodox Archdiocese of America. Media blitzes from internet, print and television on an endless menu of platforms historically recorded AHEPA's full slate of events. Both virtual and in person commemorations became a weekly history lesson for our members and for officials inside and outside of the DC beltway.

We toured the country during these events. Chapters and districts also had special commemorative events, received proclamations and held seminars themselves. I also recognize District Hellas which exceeded expectations during the pandemic in also having many events in the virtual world while also venturing out for celebrations throughout Greece, underscoring Western contributions to the Greek revolution and AHEPA's role since its inception to the alliance.

## **ADMINISTRATIVE RESPONSE TO THE PANDEMIC**

Particular appreciation is reiterated here by name to our AHEPA Executive Director Basil Mossaids, Chair of the Board of Trustees PSP Nick Karacostas, and to all of the Past Supreme Presidents used often for advice and counsel. I find no shame in stating to you that much time was spent with this exemplary band of brothers who continue to lend their collective talent for the betterment of AHEPA in these unusual times.

The rulings of the Supreme Counselor, Lou Atsaves, continued to assist AHEPA during the pandemic. With many in person requirements waived, AHEPA continued to progress along with society to the point of this most glorious convention.

I report to you the vast majority of districts have conducted virtual district conventions. There were also a handful that had in person conventions. There are three districts that have elected to wait out the district convention period of May through June in hopes for in person conventions. Now I see many chapters having in person events, celebrations and initiations. For this we are grateful.

## **AHEPA CAPITAL CAMPAIGN**

A few more donations followed into this fund, which is also posted on the internet. Thank you to Emmanuel Elliot and Jim Manolis for their contributions. The full court press will be on in an effort to help get more donors. We will be having a fundraiser in support of this campaign on November 20<sup>th</sup> in Philadelphia at the Franklin Institute. I hope to see each of you there.

## **AHEPA CENTENNIAL**

An incredible year filled with hopes is in front of us. The odometer has started to turn to the AHEPA Centennial. Look forward to events together as we celebrate a century's worth of promoting the ideals of Hellenism and maintaining our responsibilities in leading the diaspora.

The fall will be a great proving ground as we recognize the 20<sup>th</sup> year anniversary of 9/11 with the opening of Saint Nicholas National Shrine as well as the Patriarchal Banquet. On October 24, AHEPA hosts and honors His All-Holiness Patriarch Bartholomew in Washington, DC. Much more will follow during the AHEPA Centennial year.

AHEPA is a great ship whose path we have set forth together. We may not see it land at port but we do our best knowing we helped guide it with the greatest of care each and every day along the way. In 2022, the largest and greatest of all the Hellenic diaspora, our AHEPA, celebrates its most milestone year.

We should use times of crisis as opportunities to move in directions that in the long run puts us in better circumstances. In the days ahead we need to look through this lens. We navigated through the current challenges pretty well but we need to prepare for the "next challenges" we will face as we get back to the "new normal".

Thinking we will go back to our pre-pandemic AHEPA, in my humble opinion, is not a slam dunk and it may serve as a recipe for failure. We must be watchful and ever vigilant. Fortunately, our brotherhood has great leadership that transcends isolation and will continue to soar upwards in this ever-changing world.

Fraternally,

A handwritten signature in blue ink, appearing to read "G. Horiates", written in a cursive style.

George G. Horiates  
SUPREME PRESIDENT  
ORDER OF AHEPA

*Celebrating Our 99<sup>th</sup> Year as  
Defenders of Hellenism*

# CALENDAR 2020-2021

Report of Supreme Vice President  
Jimmy Kokotas

Dear Brothers,

To say it has been a difficult year would be an understatement, the global pandemic has taken the lives of many and changed the lives of everyone. Fortunately for us our beloved AHEPA has been able to adapt to these constantly changing times thanks to the great leadership we have been blessed with at all levels of the organization.

Our Supreme President George Horiates' #AHEPACares Program has been one of the bright spots of the Greek American Community this past year, highlighting on a regular basis the great work our brothers were doing throughout the Covid outbreak. Brother Nick Karacostas and our BOT navigated the business side of the pandemic admirably and we were able to avoid financial setbacks. Headquarters carried a great deal of the burden during these complicated times with chapters and brothers constantly needing guidance and assistance. Our Executive Director Basil Mossaidis and his team were faced with many problems but kept headquarters up and running throughout the pandemic.

Our Chapters and Brothers did the best they could with Zoom and in person meetings while also trying to keep everyone safe. Membership was strong both internationally and at the local level and showed how committed people remain to our Fraternal Order. The Supreme Lodge worked very closely with the District Lodges to help our chapters navigate the most trying times of the crisis as it spread throughout the country and the world. The past few months have definitely shown an increase of in person meetings and chapter activity, we hope this trend continues. I've had the pleasure of participating in a few in person initiations and golf outings as conditions have improved.

Hoping and praying that the worst is behind us we must all now turn our attention to resuming some level of normalcy while still being safe and careful. In person meetings and events should be planned and chapters should slowly go back to their routines. We must also try to help our Church Communities which have been so negatively affected this past year. Working with our sisters of the DOP we must also assist our junior orders the SOP & MOA to make up for their lost time and provide all the support possible for future success.

We should prepare to celebrate the 100th year Anniversary of AHEPA and continue to celebrate the Bicentennial of Greece which we couldn't properly do this past March. Let us all be proud of AHEPA's 99 years of great work and service and the lasting legacy everyone has made possible.

Fraternally,

Jimmy Kokotas  
Supreme Vice President

Report of Canadian President  
Christos Argyriou

Dear Brothers and Sisters

On behalf of all Canadian Ahepa family members, I like to congratulate you for your leadership and commitment to our organization, and for your participation in the Supreme convention in ATHENS, Greece.

I am very proud and honored to serve at the role of the Ahepa Canadian President for the 2020 – 21 administrative years.

This year through the troubles of the pandemic we were almost neutralized in Canada. Our efforts managed to stave off a decline in membership, but did not help us in achieving our membership goals. WE will make sure 2021-22 will be a banner year for membership. Through my travels visiting many chapters in Canada, I had the great pleasure to witness the hard work of our members benefiting those in need.

This year I was so proud to work with George G. Horiates, the Supreme President, who by sheer force and determination, despite lockdowns, worked at a feverish pace. Ahepa over the years has been greatly involved and helping with the ever-changing needs of our Diaspora. We are witnessing our founding principles to be as relevant in our times as in previous generations, and I am sure they will continue to be relevant in to the distant future. The challenges we face today may not be the same as previous generations, but the results of our efforts are as inspiring and rewarding as any other time.

Our Brothers and Sisters commitment and dedication to preserve the Hellenistic Ideals by supporting education and philanthropy, will ensure that Ahepa will continue to play an important and constructive role to Greek families in North America and abroad.

Canada will do its part to work and increase membership and activity to a level which was prior to the pandemic, we hope to see you all in our neighborhood soon.

Fraternaly yours,

Supreme Secretary Report  
Jim Stasios

Brothers:

It was my privilege and honor to serve as Supreme Secretary during the 2020 -2021 administrative year. COVID-19 limited the activities and visitations of all Supreme Lodge Officers during the past year.

Our first Supreme Lodge Meeting was held via ZOOM on August 25, 2020. We held our next Supreme Lodge Meeting via Zoom on October 26, 2020. As we approached the December 31st membership deadline several of the Supreme Lodge Officers reached out to District Governors and Chapter Presidents to encourage their submission of 2020 Per Capita Dues to Headquarters.

On December 15, 2020 I was invited to a chapter meeting (via Zoom) of Chapter No. 31 in Washington, DC. They were showing a documentary entitled "Lethal Nationalism: Genocide of The Greeks, 1913-1923." It was a very moving documentary. I helped obtain a copy of the video and we showed the film at my local chapter, Cape Fear No. 408, on Sunday, January 31, 2021.

We had a Supreme Lodge meeting via ZOOM on January 10, 2021.

I attended a chapter meeting via ZOOM with Chapter No. 528 on January 13, 2021.

On January 17, 2021 I attended a District No. 6 Scholarship Awards Presentation via Zoom.

On January 30, 2021 from 11 AM until 4 PM Supreme President Horiates held Regional Zoom Calls with all Chapters in the AHEPA Domain. I attended all these Zoom Calls.

On January 31, 2021 the Brussel Chapter A-610 held a Vasilopita Cutting via Zoom and I attended the ZOOM call.

On February 21st & 28th, 2021 District No. 6 Governor, Brother Lou Katsos, hosted Panel Discussions via Zoom dealing with the 200th Anniversary of the Hellenic Republic's War of Independence.

On March 25, 2021 I attended a Mass Initiation via ZOOM hosted by Supreme President Horiates. The following day, March 26th, Supreme President Horiates made a presentation via ZOOM on America Contributions to Greece's War of Independence.

On March 25th, 2021 we had the Mayor of the City of Wilmington, NC declare March 25th

On April 5th I participated in a Supreme Lodge call via ZOOM with all the District Governors.

On April 11th I attended a Zoom Call with a presentation by District Governor Brother Lou Katsos.

Georgetown University celebrated the Bicentennial of the Greek War of Independence.

On April 14th I attended a chapter meeting of Chapter No. 528 Palm Desert, CA

Report of Supreme Treasurer  
Savas Tsivikos

Dear Brothers:

It has been indeed a very challenging year and a half that no one predicted. Our lives have changed but our commitment to our great organization remained stronger than ever! During these very difficult times AHEPA has led the way throughout the country and the world. Our chapters stepped up to the plate and showed everyone that indeed we are the leading organization in the country and very much an integral part of our community and the society at large.

Upon our election, we hit the road running traveling and pushing for increased membership throughout the AHEPA domain. Early on, we travelled to Greece to meet with the newly elected Prime Minister Mr. Kyriacos Mitsotakis, the President of the Hellenic Republic Mr. Prokopis Pavlopoulos and members of the new government. During this visit we set the foundation for the upcoming supreme convention of 2021, celebrating the bi-centennial anniversary of the Greek independence. We witnessed first hand the respect and admiration of our motherland and its government towards our great organization which stood by Hellas throughout the 100 years of our history.

Then, two months later, followed a trip to Brussels for meetings with European Parliament members and working sessions with our members in the heart of Europe. We were fortunate to set up a new chapter and initiate new members! Congratulations to our membership in Europe for an outstanding job. We were very fortunate to have an audience with his All-Holiness Ecumenical Patriarch Bartholomew on the occasion of his official visit celebrating 50 years of the local metropolis. AHEPA participated in the festivities as a major sponsor and it was publicly acknowledged. Two months later, we traveled to Orlando for a Supreme Lodge meeting and meetings with Disney management to finalize logistics for our 2020 supreme convention.

Tarpon Springs was next for the Epiphany celebration officiated by our new archbishop His Eminence Elpidophoros. The newly elected Prime Minister of Hellas was on official visit in Tarpon Springs attending the ceremonies and AHEPA was again front and center hosting the prime minister with a gala event spearheaded by our local chapter assisted by the Supreme Lodge. Two days later came the visit to Washington to participate in the events organized by the administration of the United States on the occasion of the official visit of the Prime Minister of the Hellenic Republic! Then, two days later came the longest trip abroad, a trilateral visit to Israel, Cyprus and Greece with the presidents of the largest Jewish American organizations, AHEPA and the American Hellenic Institute. Again, AHEPA was front and center with meetings of the highest level in all three countries. These meetings are a testament to AHEPA's standing and the leading role it plays for a century. It was a unique opportunity to exchange ideas with the governments of all three countries and strategize for the future during critical and challenging times in the eastern Mediterranean.

Our next overseas trip planned for March 31 never materialized because the country was invaded by an invisible enemy COVID-19! Since then, we had to learn to operate in a new way and virtual meetings came into our lives! Virtual meetings with our membership, the supreme lodge, elected officials, virtual conventions, virtual elections and the list goes on.!

It was indeed a challenging but very rewarding year because I believe we have kept our commitment as your elected officers and we never stopped working promoting the principles of AHEPA. The biggest accomplishment besides the many philanthropic events, was the increase of our membership during the most difficult times. Congratulations to our chapters for stepping up!

In closing I would like to state that it was indeed an honor and a privilege to serve on the supreme lodge defending Hellenism and orthodoxy day in and day out. I thank you for your trust, commitment and cooperation during this challenging two years. At a time when Hellenism and orthodoxy are being attacked on many different fronts our great organization is more relevant and more important than ever.

We have a great responsibility and a sacred duty to continue the fight and pass the torch to the next generation with plenty ammunition to defend and protect Hellenism! Hellenism is not simply an ethnic identity, but a sacred ideal and we have an obligation to safeguard it and pass it on to the new generation. AHEPA simply does that, but the fight goes on!

I urge you, brothers, to keep on fighting and make this organization greater than ever!

Thank you

Report of the Supreme Athletic Director  
Chris G. Atsaves

It was a very interesting and fun first year as Supreme Athletic Director. It is truly an honor to oversee one of the finest programs that is offered in the Order of AHEPA. Even during Covid, Athletics still held some live events. We did not stop. I felt that it was important to keep the Athletic department running. We followed local protocol and CDC requirements...but it did not stop us. We also added a virtual National fishing tournament.

Here are the current Directors of the National programs.

National Golf Director- Brother Sandy Papadopoulos from Georgia  
National Basketball Director-Costa Papadimitriou from New York  
National Bowling Director-George Karras from Indiana  
National Hall of Fame and Athletic Scholarship Director-Gregory Stamos from Connecticut

Let me briefly report on National Athletic events that took place in the last fiscal year.

**AHEPA National Golf Tournaments:**

Under the leadership of National Golf Director Sandy Papadopoulos, two National Golf Tournaments were held since our last convention.

In November of 2021 Athletics hosted the AHEPA National Invitational at the Innisbrook Golf Resort in Palm Harbour Florida. Because of Covid...we were limited to 40 participants. It was a great group and much fun.

Overall Gross Champion-Steve Itsines-Wisconsin  
A Flight Champion (0-12 handicap)-George and Telly Panousis (tie)-from Indiana  
B Flight Champion (12-18 handicap)-Steve DiPietro from Pennsylvania  
C Flight Champion (19+ handicap)-Billy Frigelis from Illinois  
Woman's Flight winner-Lexi Haidemenos-from Wisconsin

In March of 2019 Athletics hosted the Dr. Monthe Kofos National Invitational at the Ventana Canyon Resort in Tucson Arizona. We had 56 players and the weather was perfect. We welcomed 11 first time participants.

Overall Gross Champion-Ted Vrehas-Indiana  
A Flight Net Champion (0-12 handicap)—Nick Regopoulos-Ohio  
B Flight Net Champion (10-17 handicap)-Ted Vasilas-Colorado  
C Flight Net Champion (18-21 handicap)-Ted Kipreos-Atlanta-New York  
D Flight Net Champion (22+ handicap)-Marshall Monsell-Colorado  
Woman's Flight Champion-Kathy Gianaras-Illinois

AHEPA Fishing Tournament-With the help of Supreme President George Horiates we held a virtual fishing tournament. We had participants from 7 different states go out and fish. We asked that they take a picture holding the biggest fish that was caught and crowned our first fishing championship. It was great fun and thank you to all the participants and sponsors. We look forward to another fishing event in 2021.

**AHEPA National Bowling Tournament:**

Under the leadership of National Bowling Director George Karras, AHEPA planned its annual National Bowling Tournament. Tournament was scheduled for May 8-9 in Denver Colorado. Due to Covid-19 the Tournament was cancelled. We will look forward to resuming National Bowling either in the fall of 2020 or the spring of 2022

**National Basketball Tournament:**

Normally this Basketball tournament takes place at the Convention. The Convention was cancelled. This year we will not have Basketball at the Convention in Greece.

AHEPA Athletics will be inducting 3 into the AHEPA Hall of Fame at our Athletic luncheon at the Convention in Greece. We will also be honoring 2 for their contributions as Greeks to Athletics.

**Hall of Fame Inductees:**

**Pyrros Dimas**-Olympic Champion Weightlifter representing Greece

**Kurt Rambis**-NBA Basketball

**Markos Baghdatis**-Tennis

**Recognition/Contributors:**

Stella Sampras and Spero Dedes

**National Awards:**

AHEPA will recognize a current active Professional and a current active College player. This year's recipients are:

**Ted Karras**-Professional Footballplayer will receive the Harry Agganis award

**Patrick and Chris Winkel** -University of Conn. Baseball will both receive the William Chirgotis College Athlete award.

Thanks to the Agganis/Galatis Family...a new Scholarship was added for an outstanding High School Athlete. This year's recipients are Athan and Dino Kaliakmanis who will both play football at the University of Minnesota.

**National Scholar Athletes:**

This year scholarships will be still be awarded to 7 deserving High School Athletes. The Scholarship recipients are:

**Eustratios Kossis**-Haddon Heights, New Jersey will receive John P Vlahos Scholarship

**Nikolas Pitiris**-Pine Bluff, Arizona will receive Franklin R. Manios Scholarship

**John Demakis**-Hinsdale, Illinois will receive the John P Vlahos Scholarship

**Stephen Norris**-Nashua, New Hampshire will receive the Manchester Great Scholarship

**Chrysanthe Frangos**-Coronado, California will receive the Anthony Leondis Scholarship

**Sophia Maria Georgopoulos**-Laytonsville, Maryland will receive the AHEPA Booster Club Scholarship

**Maria Tsioutsias**-Queen Creek, Arizona will receive the Dr Monthe Kofos Scholarship

Thank you to the selection Committee headed by Gregory Stamos, Jim Rigopoulos and Ed Guminski.

This year the National Athletic program made 2 monetary contribution to support 2 events. We donated \$2,000 to the AHEPA World Cup Beach Volleyball Tournament held July 24 in Nafpaktos Greece. We also made a \$1,000 contribution to support the Hellas Women's Softball Team.

**District Athletic Director of the Year**  
**Yiannis Amoutzas, European District #28**

**Future Suggestions:**

I have a few thoughts as to how to grow and improve our athletic program.

1. AHEPA Athletics earned approximately \$17,000 of interest from the Booster Fund. We are able to use dividends and interest from the fund to grow and operate Athletics. We spent close to \$14,000 just on the Convention Athletic Luncheon. Between Scholarships, Program Booklets, Plaques, Trophies and comped guests and families, we spend most of our annual income. Doesn't include the prize money that we donate for the bowling tournament, cost of running the basketball tournament.  
We will need to focus on future fundraising strategies for ATHLETICS.
2. AHEPA needs to formally apply for sales tax exempt status in all 50 states. When we host National Athletic events....we could save the expense that we pay in tax.
3. More participation. We need to increase participation at our national athletic events. It is my plan to begin visiting the various Districts and helping each District Athletic Director build and host at least one local Athletic event.
4. Expand the Athletic Committee and add volunteers.
5. Need every District to add a District Athletic Director. Most Districts do not have one. It is a very important position and would help me spread the work about existing events and grow the program.
6. Please consider donating a Scholarship in the name of your Chapter, District, family member or loved one who has passed on but was a lover of Athletics. A \$2,000 annual donation would give you the ability to name a scholarship for family or loved one.

I need to thank Brother Basil Mossaidis, Rory Puckerin and Comptroller Patrice Farish for all their help they provided in operating the National Athletic events.

I am always open for suggestions. Feel free to reach out to me anytime.  
I can be reached at [chris.atsaves@ubs.com](mailto:chris.atsaves@ubs.com) or at 847-942-8389.

It was truly an honor to serve as your Supreme Athletic Director.

Fraternally Submitted

Chris Atsaves

REPORT OF THE SUPREME COUNSELOR  
2019-2021 ORDER OF AHEPA

Dear Brothers,

I commend our membership of AHEPA for their outstanding work, perseverance and attitudes primarily during the World-Wide Covid-19 Pandemic that had either completely or partially shut down non-essential activities during 2020 including a good portion of 2021. I am in awe of the performance of my fellow Brothers.

A little history will hopefully explain my multiple legal opinions and the actions of AHEPA during the Pandemic and throughout my remaining tenure as Supreme Counselor.

On December 7, 1941, without warning, Japan attacked Naval and Military Installations at Pearl Harbor, Hawaii. Defense systems such as radar and sonar did not exist or were in their infancy that year.

On a personal note, my late Father-in-law, James Fratianni, was the radio officer on the U.S.S. Salt Lake City, stationed in the Pacific on that fateful day. A significant portion of the U.S. Pacific Fleet was destroyed. On June 5, 1944, the night before D-Day, a single plane with 24 U.S. Pathfinders took off from England and flew into Normandy France behind enemy lines. My wife's uncle, August Mangoni, was one of two demolition experts on that flight. The other was the late Peter Zampanedes, an AHEPAN. They both signed a document verifying their understanding of likelihood of surviving that mission was infinitesimal. Both miraculously survived, were highly decorated and fought on to the end of the war.

On August 6, 1945, President Truman atomic bombed Hiroshima, Japan. On August 9, 1945, a second bomb was dropped on Nagasaki. After those bombings, my late uncle Constantine George, AHEPA life-member from my North Shore Chapter 94, was part of the occupying force in Hiroshima. The rest of his life included annual radiation tests at Veterans Hospitals. His son George is the newly elected Governor of Blue Ribbon District 13.

During the 20<sup>th</sup> Anniversary Atlanta Georgia Supreme Convention in 1942, with war raging against the Axis Powers, a motion to cancel future AHEPA Supreme Conventions until the cessation of hostilities passed. The motion included a provision that the Supreme Lodge remain in office until a future Supreme Convention with new elections could be held, and a National Conference of Past-Supreme Presidents, current Supreme Lodge Officers, and elected District Governors be held in its stead. In the United States, full mobilization of individuals and manufacturing was in place. With scarce hotel accommodations, rooms were prioritized housing troops in transit. Gasoline was rationed, new automobile manufacturing ceased as plants were converted to manufacturing war vehicles, and train travel was difficult with seat priority for troops. Many AHEPANS enlisted or were drafted seeing action overseas. The celebration of our 20<sup>th</sup> Anniversary was somber yet its membership was determined to be a positive force.

In spite of these obstacles, AHEPA managed to continue its work and was lauded for its efforts in selling War Bonds and its many relief efforts to Greece by multiple Government officials and newspapers of that era. They expanded many programs and created new ones during those troubled times.

In lieu of Supreme Conventions, two-day National Conferences were hosted in 1943, 1944, and 1945. Supreme President George Vornas missed the first conference as he was in the army fighting Rommel in Africa. Supreme Vice-President Charles Kotsilibas acted in his stead. They elected a conference Chairman, Vice-Chairman, and appointed as Secretary the then Secretary of AHEPA (now Executive Director). Those conferences were attended by Past-Supreme Presidents, Supreme Lodge Members and District Governors, with an average annual attendance of 25 members. Brother Vournas did manage to attend in 1944 and 1945.

Supreme Counselor Leo J. Lamberson issued Legal Opinions advising such a conference was empowered to set policies so long as they would not conflict with our Supreme Constitution and By-Laws, including approving budgets subject to later confirmation at Supreme Conventions. His interpretation included terms of office of those elected at Supreme Conventions to continue until new elections held at a future such convention. He further opined District Lodges and Chapters were to continue to hold annual elections.

Sound familiar?

Differences and similarities do exist. No warnings or mention of a catastrophic World-Wide Covid-19 Pandemic existed during the Chicago Supreme Convention of 2019. No opportunity to pass a motion to cancel the next Supreme Convention existed. If a National Conference were held today using what was established during WWII, we would have 50-75 attendees, not including Daughters, Sons and Maids. Gatherings that size were barred due to the Pandemic. Since WWII, offices of the Supreme Lodge increased, including additional Supreme Governors. A Board of Trustees was also established and a Board of Auditors, all elected at Supreme Conventions.

When I landed in Newark, NJ from an overseas trip on behalf of AHEPA on January 19, 2020, I was asked by security if I had any contact with Chinese Nationals during my journey. My reply: "I didn't think so." I had no idea why I was asked that question. A few weeks later, news about Covid-19 became prominent and governments, locally and worldwide were confronted with a rapidly spreading deadly virus with no known treatments and vaccines existed. Governments began to shut down non-essential operations both in public and private sectors of their economies. Individuals were urged to wear masks, keep socially distant and stay home, leaving only for essential items, such as groceries or medicines. Travel was severely restricted between nations. By March, all non-essential private and public sectors were shut down by government edicts, including houses of worship. Chapters and districts lost meeting spaces or failed to meet attendance limitation requirements for in-person meetings.

Suddenly, AHEPA was facing a serious emergency not of its making. Chapters and District Lodges could not meet or were afraid of violating rules by meeting in a different way in the spirit of our fraternity. Traditional elections could not be held. District Conventions booked in facilities closed due to the Pandemic were canceled, with no physical alternatives available.

The Supreme Lodge issued a series of directives including publishing and adopting many of my legal opinions, allowing for:

1. Extensions of times for elections of District Lodges.
2. Extensions of times for Chapter elections of Delegates to District Conventions.
3. Extensions of times for Chapter Officer elections.
4. Expanding methods for reporting Chapter elections of Delegates to District and Supreme Conventions including e-mail and faxes to Headquarters.
5. Allowing for District/Chapter meetings by conference or Zoom calls or with notice to members.
6. Allowing District/Chapter officer nominations and elections by Zoom or conference calls after notices of such nominations and elections being timely sent to all potential voters.
7. Clarifying the terms of offices for those officers elected at Supreme Conventions:
  - a. Those terms continue until a future Supreme Convention is scheduled and held in accordance with our Supreme Constitution and By-laws.
  - b. Supreme Lodge terms continue until a future Supreme Convention is scheduled and held.
  - c. Board of Trustees terms continue until a future Supreme Convention is scheduled and held.
  - d. Board of Auditors terms continue until a future Supreme Convention is scheduled and held.
  - e. Supreme Governors shall continue to be elected by representative Delegates from their region at a future Supreme Convention that is scheduled and held.
8. Future annual budgets usually prepared by the Board of Trustees and approved at Supreme Conventions will be prepared by the Board and shall be valid and in effect until formal approval at a future scheduled and held Supreme Convention.

9. Received formal notice from The Walt Disney Corporation that the Coronado Resort would not be open due to the pandemic, forcing a cancelation of our 2020 Supreme Convention.
10. Districts were to continue to hold nominations and elections as there was no Constitutional or By-Law provision allowing such elections to be postponed for the next year.
11. Chapters must hold nominations and elections as there was no Constitutional or By-Law provisions allowing such elections to be postponed for the next year.
12. Instructed a Chapter they could not hold nominations one week prior to elections and nominations and elections must occur on the same day with proper and timely notice of same.
13. Clarified to several Districts with Scholarship Foundations or with 501(c)3 legal status they must hold elections for trustees in accordance with their current by-laws and said elections could be held by zoom or conference calls provided proper and time notice of same occurs.
14. Clarified that the only members who can be nominated and elected as Delegates to District Conventions are those in good standing, i.e. all dues must be currently and timely paid and received including national and district per capita dues.
15. Clarified the only members nominated and elected as Chapter Officers must be in good standing, with all dues currently and timely paid and received including national and district per capita dues.
16. Clarified who is authorized to collect and remit per capita dues on the Chapter Level, and when and to who they are to be remitted.
17. Clarified the definition of timely paid as the date dues are paid and received by either the Chapter Secretary, District Secretary or Treasurer, or the date received by Headquarters.
18. Concerning reinstatement, for election purposes, such members are reinstated on the date such delinquent dues are received by Headquarters and recorded, following proper investigation of the delinquency by the Chapter in accordance with our Supreme By-Laws. Headquarters is allowed to assume such reinstatements are appropriately vetted by the Chapter when such documents, forms and payments are received and recorded.
19. In cases of members elected to offices on a Chapter and District level, or Chapter, District and Supreme Level, or District and Supreme Level, or any such combination, such a member can hold multiple offices simultaneously with receipt of permission from the Supreme Lodge.
20. Clarified that our By-Laws and Constitution would allow for native or common language of Brothers to be spoken in foreign lands for meetings and AHEPA events.
21. Clarified that Chapters, Districts and other entities are not permitted to license, sell or lease the AHEPA name under any circumstances absent advance approval by the AHEPA Board of Directors and the AHEPA Supreme Lodge.
22. Clarified the National Office of AHEPA in Washington, DC can be referred to as the International Office of AHEPA.
23. Clarified that District By-Laws and Chapter By-Laws cannot conflict with the Supreme By-Laws and Constitution of AHEPA. In cases of such conflict, the Supreme language is to be followed.
24. Allowed Zoom initiations as a substitute for new members and authored changes in the AHEPA Manual that included language and oaths to be performed electronically during the Pandemic.

The above represents highlights of my many activities, and do not include private counseling on easily resolvable issues and questions, and does not include several personal grievances between members.

As you can see, I have been quite busy this extended year, in addition to regular duties of reviewing contracts, leases, hotel block reservations, convention contracts, responding to audits, reviews laws of multiple states and several countries, and counseling those members seeking advice on local by-laws, regulations and procedures.

I am encouraged by the response of the overwhelming numbers of members. The “P” in AHEPA stands for “Progressive.” Progressive is defined as relating to or characterized by progress making use of or creating interest in new ideas, findings or opportunities, usually in a moderate or deliberative fashion. Progressive is also defined by emphasis on individual excellence and encouragement of self-expression. The word as used in politics or medicine can be negative, such as the progression of disease. A Progressive seeks changes

using Hellenic Ideals of deliberation, debate, testing and questioning of all ideas and thoughtful implementation based on consensus.

My issued opinions and advice throughout our Emergency Pandemic attempted to follow the classical definition of “Progressive.” Our late Brother George Demeter, who served as third Supreme AHEPA President in 1924, authored a definitive Manual of Parliamentary Law and Procedure which is still used by Congress and other entities today, including AHEPA. Demeter described Foundations of Parliamentary Law as having five great principles: (1) orderly procedure, (2) equality, as all are equal before the rule of law, (3) justice, as justice for all, (4) minority rights are to be heard on questions, and (5) the right of the majority to rule the organization.

The Third President of the United States, Thomas Jefferson who among other famous documents such as the Declaration of Independence, authored Jefferson’s Manual. He described the objects of Parliamentary Law: “To attain accuracy in business, economy of time, order, uniformity and impartiality.”

Luther Cushing, the author of Cushing’s Manual, described the objects as: “To subserve the will of the assembly rather than to restrain it; to facilitate, and not to obstruct from its deliberate sense.”

And finally, General Henry Robert of Robert’s Rules of Order felt that it is: “To enable an assembly, with the least possible friction, to deliberate upon questions in which it is interested, and to ascertain and express its deliberate sense or will on these questions.”

My recommendations for the future are as follows:

1. Modernize and update our Supreme Constitution and By-Laws. We have many provisions that are no longer relevant to our organization, and in some instances contradict and confuse matters.
2. Include special emergency provisions as recommended by Demeter’s Manual including authorizing voting by mail and other modern sources for meetings such as Zoom and empowering a smaller group or body within the organization to act and carry on the functions of the organization during future national and international declared emergencies. Demeter’s contains suggested language for extraordinary emergencies, Acts of God, including operation during temporary legal restrictions, travel restrictions or prohibitions curtailing personal meetings, conferences and elections.
3. Include a provision that when the emergency is declared to end, all emergency powers end.
4. Address potential conflicts of laws that exist now that AHEPA has become multinational. Currently AHEPA is incorporated in the State of Georgia and has been granted tax exemptions from the IRS and certain state revenue departments.
5. Ensuring the AHEPA Logo, Trademarks and Name are protected and honored worldwide.
6. Insert language throughout:
  - a. Reflecting we are an International Organization, not merely a national one.
  - b. Reviewing our multitude of membership rules that create confusion and eliminate various contradictions, including reinstatements, seniority and definitions of good standing.
  - c. Moving the Supreme Convention Delegate deadline reporting date from June 1<sup>st</sup> to either June 15<sup>th</sup> or June 30<sup>th</sup> to account for past legislative actions calling for Supreme Conventions commencing no earlier than mid-July.
  - d. Formally allow and expedite credit card payment of chapter dues, many of whom feel that they currently are not allowed to accept such payments or establish such accounts through programs such as Pay-Pal. Also formally allow and expedite chapters to remit per-capita payments electronically to our International Office.
  - e. Stronger provisions for insurance bonding for those members in Chapters, Districts and Supreme Lodges who handle funds and properties of AHEPA.
  - f. Review current District and Region geographical boundaries and adjust accordingly so that Chapters and members in each are not spread out to the point where travel is extremely difficult, including review of such Districts and Regions that may have current national boundaries and travel issues.

- g. Review and modernize names of offices and programs to reflect the international reality that is now AHEPA. Examples include “National Projects” and other similarly named programs. We may wish to establish “Regional” and “International” projects.
- h. Include more cross-referencing between our Constitution and By-Laws for easier interpretations and meanings.

This will give our outstanding organization the opportunity to delve into some long term planning for the future. What better 100<sup>th</sup> Birthday present can we give the Order of AHEPA in 2022!

I wish to thank my fellow Brothers for allowing me to serve the Order of AHEPA as your Supreme Counselor for these past two terms, or due to circumstances beyond our control, three years.

And finally and with great sincerity, I wish to personally thank Supreme President George Horiates and Supreme Vice-President Jim Kokotas, the Supreme Lodge and Board of Trustees for their outstanding leadership and guidance of our organization during the Pandemic.

Fraternally yours,

Louis G. Atsaves  
 Supreme Counselor

Report of the Sons of Pericles National Advisor  
Nick Kavadas

June 20th, 2021

Dear Brothers,

Welcome to the 99th AHEPA Supreme Convention located in beautiful Athens, Greece. I look forward to celebrating the 200th Anniversary of Greek Independence with all the brothers at the Supreme Convention here in Athens. I also am very grateful that we can meet in person as the COVID-19 pandemic is slowly coming to an end. We are not 100% in the clear but considering we had to cancel last year Supreme Convention, we have come a long way thanks to the medical research professionals across the globe and multiple available vaccines.

Unfortunately, due to the pandemic and various government shutdowns and restrictions, the activity of the National SOP has been nearly nonexistent. The SOP did have a virtual supreme convention last summer and elected new national officers. However, the Supreme SOP President is based in Canada and was unable to travel to the United States and other locations in Canada. Other government restrictions in place to curtail the spread of the COVID-19 virus also prohibited most in person activities in all SOP active locations. The National lodge did host some virtual events and had meetings via Zoom. They also worked with Daughters of Penelope on a cookbook. They were not completely silent during this past year, but they also were not nearly as active as they normally are thanks to the pandemic restrictions and being extra cautious for all the members health.

I personally did not do any traveling during this past year and only had a few expenses to approve for the National SOP lodge. I spoke with the National SOP President periodically throughout the year.

I look forward to a more active 2021-2022 year now that the pandemic is nearing an end. I wish everyone safe travels back home and look forward to celebrating the 100th Anniversary of AHEPA founding at Walt Disney World in July of 2022.

Fraternally,

Nick J. Kavadas  
National SOP Advisor

# **Section II**

## **Board of Trustees**

Report of the Chairman of the Board of Trustees  
Nicholas A. Karacostas, PSP

## **Headquarters Reports**

Report of the Executive Director  
Basil N. Mossaidis

Report of the Chairman  
AHEPA Board of Trustees  
Nicholas A. Karacostas

I would like to take this opportunity to thank all of the members of the Board of Trustees: Vice Chairman, Carl R. Hollister, Secretary, Alex G. Geourntas, Anthony D. Kouzounis, Andrew C. Zachariades and Nick Aroutzidis who collectively helped address issues that we felt were very important for the financial future of our beloved Order. I would also like to thank Supreme President George G. Horiates for his efforts and acts of inclusion.

**Trust Portfolio**

On April 1, 2020, the beginning of the 2021 fiscal year, the portfolio balance was \$3,004,704. The fund remitted \$127,794 in earnings to the Operating Fund during the fiscal year ending March 31, 2021. The portfolio ended the fiscal year March 31, 2021 with a fund balance of \$3,728,261. The portfolio is under the incisive management of our investment manager, Phillip S. Contacos of Wells Fargo Advisors. These funds are in compliance with the National Trust agreement which reflects last year's delegate approval of increasing the percentage of equity securities held in the portfolio from 55% to 70%.

**Educational Foundation**

The Educational Foundation has experienced similar outcomes. At the close of this fiscal year March 2021, the portfolio balance was \$4,752,626 in securities and money market balance of \$7,868. The fund has also remitted over \$85,000 to the Educational Foundation's scholarship program. The AHEPA Educational Foundation, under the chairmanship of George A. Vorkas, continues to make education more affordable for our youth. Our recommendation to increase the size of the scholarship awards was accepted by the Foundation with most scholarships' recipients awarded \$2,000.

**Athletics**

The Athletic investment portfolio is also administered by the Board of Trustees. Since the Board took over the management of these funds in May 2009, the investments have increased by \$306,110 from the initial amount of \$208,657 in March 2009, to a current total of \$514,767 at the end of this fiscal year. Interest and dividends of \$19,727 year. These funds are compliant with the trust agreement.

**Invest for the Future**

The AHEPA needs to continue its progress. To do so we must ensure our future by making sound investments. Additional thoughts are being developed in the area of charitable annuities. This would provide income to the Order by providing annuities whereby the donor would receive a charitable deduction and receive income for life and the corpus would go to AHEPA.

## **Charitable Foundation**

***AHEPA Foundation, Inc.*** The Board of Trustees created the AHEPA Foundation, Inc., a tax-exempt DC corporation on February 1, 2011. The Corporation has received IRS Section 501 (c) (3) status. The AHEPA Foundation, Inc. is to be used by all AHEPA national departments to receive charitable contributions under Section 501(c) (3) including the Charitable Fund, Bone Marrow, Educational Foundation, Cooley's anemia and the Athletic Department, and many of AHEPA's other charitable endeavors.

### ***AHEPA Capital Campaign Fund***

AHEPA is the oldest American association of Hellenes with nearly 100 years of history. For AHEPA to sustain its legacy for the next 100 years, the Capital Campaign Fund was established. This fund will be supported through tax-deductible donations from members, their chapters and districts and from the Hellenic community. Our endowment goal is \$10 million. The first donor, John E and Cleo Rumpakis, kicked off the Campaign with a donation of \$150,000 and PSP Anthony and Millie Kouzounis followed with a donation of \$50,000! Thereafter due to the efforts of Supreme President Horiates, AHEPA received \$20,000 from Manolis Painting Co and \$10,000 from the Elliott Foundation. We invited everyone to leave their permanent signature on our history by donating to the AHEPA Capital Campaign.

### ***AHEPA Greek Wildfire Relief***

The Order of AHEPA has raised over \$180,000 for this cause. As always, our concern and caring for the people of Greece, Cyprus and the region in general, are of paramount importance. AHEPA will always be ready to assist, as we have done since 1922.

### ***AHEPA Campaign to Build Saint Nicholas National Shrine at World Trade Center***

After the destruction of Saint Nicholas Greek Orthodox Church on September 11<sup>th</sup> at ground Zero, the AHEPA family came together to help rebuild the National Shrine. AHEPA's commitment of \$1 million was fulfilled in July 2019. We continue to collect funds for this deserving campaign, and we have been advised from the Archdiocese that the total funds raised to date is \$1,034,000.

### ***AHEPA Veterans Committee***

The AHEPA Medal for Military Service, approved by the 106th Congress, was first presented to all AHEPA veterans present at the 34th Biennial Congressional Banquet, March 29, 2000. The Supreme Lodge then encouraged its districts and chapters to present this medal to its deserving veterans unable to attend this banquet. It is this committee's intent to register AHEPA Veterans and have the AHEPA Medal presented at appropriate events at the District and Chapter levels. Funds collected through this effort cover medal production and shipping. Remaining proceeds will be donated to a Veteran's Program annually.

### **Building Income**

The Board has been pro-active in determining current market values for office space in Dupont Circle. Total rental income for the fiscal year was \$302,682. All leases have been renewed as of April 1<sup>st</sup> at square foot market value. I am happy to inform you that a current appraisal of our building is at \$4,344,410 which is almost double the purchase price.

### **2021-2022 Budget**

I am very proud that this Board is once again presenting a balanced budget for fiscal year ending March 31, 2022. Together with headquarters the Board has managed to reduce some costs and expenses. The Board has worked to achieve a positive cash flow and build up a reserve for our organization. Additionally, the operating Wells Fargo Investment Account was at \$935,593 as of March 31, 2021.

### **Closing**

Over the past year that I have been Chairman of the Board of Trustees, the AHEPA has been working diligently to improve, create and maintain our presence around the globe as a leader in the Hellenic community. As a current officer, I want to point out how important a job AHEPA does in our community and how impressive a portfolio we have to be proud of. I have witnessed a great renaissance in the AHEPA, and our actions prove this.

#### ***Together this past year we have:***

- **Raised over \$180,000 for Greek Wildfire relief from our membership and Hellenes across the globe to be donated at this Supreme Convention in Athens to the AHEPA Fire Burn Unit at Evangelismos Hospital.**
- **Donated \$21,000 to the IOCC for the shipment of a container of medical supplies and equipment to the AHEPA Hospital in Thessaloniki.**
- **Raised over \$65,000 from our Districts and Chapters to fund the AHEPA National Tragedy Relief fund for the California Wildfires and National Hurricane relief efforts.**
- **Purchased roses for the AHEPA annual Memorial Day laying service to over 600 Greek Americans interred military heroes buried at Arlington Cemetery.**
- **Continued the fundraising initiative in support of the rebuilding of the Saint Nicholas Shrine at the World Trade Center.**

- **Raised our sponsorship donations for the AHEPA Supreme Convention helping to defray costs to our delegates.**
- **Received a \$10,000 donation from AHEPA Management Company to help continue AHEPA's important works during COVID-19.**
- **Secured over \$201,000 in an educational scholarship from the Carrie C. Cummins Trust to award \$10,000 annually to a graduating female high school student going to college.**
- **Received \$15,000 from Constantine and Patricia Mavroyianni for three \$5,000 scholarships to graduate students of Greek heritage and are enrolled in a PhD program in the Faculty of Science at a North American university.**
- **Received \$150,000 from PSG John E. Rumpakis, \$50,000 from PSP Anthony & Millie Kouzounis. \$20,000 from Manolis Painting Co and \$10,000 from the Elliott Foundation for the AHEPA Capital Endowment Campaign fundraising program.**
- **Donated \$30,000 to the Children's Hospital of Philadelphia for COVID-19 research.**
- **Raised and donated \$25,000 to the EVROS Boarder Fund for the purchase of police equipment and riot gear.**
- **Awarded over \$85,000 in AHEPA Educational Foundation Scholarships.**
- **AHEPA Veterans Committee continued the web site for registration of veteran members of the AHEPA and for the collection of donations to Veteran's Programs.**
- **Awarded \$13,000 in Athletic Department Scholarships.**
- **Increased the quality and pages to the AHEPA magazine due to annual advertisers.**
- **AHEPA awarded millions of dollars in scholarships and charity through hard work in our local communities through our nearly 400 chapters.**

Despite the challenges of this global pandemic, AHEPA managed to not only maintain its membership but grow in various areas throughout the world. The Supreme President along with the assistance of the Board of Trustees managed to maintain our positive cash flow through dues because of the outreach that was afforded them by using Zoom or any other means to connect with chapters and to promote AHEPA and increase our membership.

The AHEPA is the only group of its kind in the world, and the work we do is unmatched. We should look at our accomplishments and revel in the fact that AHEPA is relevant and our mission is as clear today as it was in 1922. Congratulations to all of our chapters and members for making the AHEPA the greatest organization in the Greek American community. I look forward to more challenges we will approach together, and I am confident we will achieve even greater success.

My gratitude also extends to the AHEPA Housing Corporation's continuing expanding support of the AHEPA Magazine and AHEPA Convention. I would like to thank Brother Andrew Kaffes for his communications expertise, and Rosalind Ofuokwu, Rory Puckerin and Stephanie Maniatis for their extraordinary performance of their duties. Headquarters' staff is very limited in quantity, but certainly not in quality.

Lastly, thanks to Brother Basil Mossaidis for his efforts and support at AHEPA headquarters, and in this same vein I thank Ms. Patrice Farish for her hard work and commitment to AHEPA as Controller. Her vast accounting experience and financial knowledge have made the Board's job easier.

In closing, my sincerest thanks once again to all the members of the Board. During this past year the Board has met in the spirit of brotherhood, with passion and sincere dedication, and has persevered for the progress of our Order. Individually, they have never failed to do what is best for the Order. "Well done Brothers and Thank You All."

It has been an honor and privilege to serve the AHEPA as Chairman of the Board of Trustees and I thank you all, each and every one of you, for this opportunity.

## REPORT OF THE EXECUTIVE DIRECTOR

Basil N. Mossaidis

AHEPA is the greatest organization of its kind, in the world!

Welcome to Greece! Many of us do not know nor do we see the magnificent work we do. For 99 years AHEPA has been in the forefront, preserving and maintain our history and our legacy. Our founding fathers had vision to create an organization to promote and advance Americanism, to practice philanthropy and to educate the Greek-American community.

AHEPA fought bigotry, prejudice, discrimination, and intolerance which our early immigrants faced at the hands of extremist groups. The basic principles and ideals of Hellenism, education, philanthropy, civic duty, family and individual excellence democracy, human rights and fraternal love for one another, is what created the AHEPA and what we promote and preserve.

As your Executive Director, and a 35-year member of the AHEPA (40 if you count my time in the Sons), I am proud to call each and every one of you, my brother. I am proud of our fraternity, our brotherhood, because it is unique, and it is great.

COVID-19 will forever be a memory in our minds and hearts. WE lost loved ones, and AHEPA lost some of its members to this terrible pandemic. AHEPA stood strong again in the face of this adverse event. Much like it did in 1922, 1932, 1941, 1952, 1963, 1974, 1981, 1992, 2001, 2008, 2019. Our AHEPA chapter and AHEPA family chapters worked together to make a difference. AHEPA Supreme President Horiates immediately enacted the AHEPACares program to assist our men and women on the front lines of fighting this killer. AHEPA raised and donated over \$31 M in supplies worldwide! BRAVO

**We do things because it is right, not because it is easy** or because we want to seek out fame and glory. Our parents taught us to fight hard for every inch we gain in our battles against tyranny, fairness, equality and many other ills that plague humanity. Do we succeed, not always, BUT we always try, and sometimes that is good enough?

We are proud of the 500,000 members who have been initiated into the Order of AHEPA. Since 1922 we have initiated over half a million people, no one else can say that. Our focus and drive should be to increase our good works. This year we celebrate our 99<sup>th</sup> Anniversary as an international organization. The successes of our fraternity are a wonderful testament to the founders of this great organization, they would be very proud of our AHEPA. As we usher in our 100<sup>th</sup> year of service to our communities, we look to you, our members for support and direction.

AHEPA needs your support, your dedication and your drive to make it another 100 years!

## ***ADMINISTRATION***

The five-member full-time staff strive to provide the best possible service for all our members, Supreme Lodge, Board and committees. We pride ourselves on providing all of our available resources and professional knowledge and skills to all of our elected officers so that they can execute their duties to the best of their abilities. Headquarters plays a pivotal role in conjunction with the Board and Supreme Lodge to manage expenses, cut costs where necessary, and make our convention a financial success. We achieve these goals by adhering to the budget that the Board develops while assisting to securing alternative sources of funding. Cost cutting is one way for us to continue our business, but we need to focus on additional revenue streams. This allows us to increase services to our membership and offer first class events and programs to the Greek American community.

The effective planning and execution of Supreme Conventions allows headquarters to increase profitability of this event. It is a crucial part of our existence and is one of our most time-consuming programs. Our planning and expertise in this area is one of the most important facets of our job, it takes several months to prepare for our conventions.

## ***AHEPAN MAGAZINE***

It is the greatest tool we provide to our members. Don't let anyone discount the importance of our magazine. It allows ideas, programs and news to be shared across the country. It should be viewed as a service, not only as a benefit. My thanks to the AHEPA National Housing for the continued support they offer, it is very much appreciated. We need more advertisers; we need your help! Please take time to read your magazine but more importantly, use it to recruit new members or advertisers. Our thanks to our brother in the AHEPA Management and Housing teams who graciously support the AHEPA magazine. Do your part and find advertisers.

## ***MEMBERSHIP***

We have 26, 056 members in the Order of AHEPA, the daughters have 9,000 members and the Sons and Maids are at about 1000 members. All tolled we are about 40,000 and this number does not change much over the years. We are stagnant, our numbers don't change that much (except for attrition). Not all of our members pay dues on an annual basis so we are always chasing down the member for their dues, this MUST change.

We have several ideas we will list in the suggestion section of my report. The internet and other groups are taking the place of organizations like ours. Everyone knows people that are not AHEPAns, let's ask them to join, we do not self-promote for some reason. We need to change the way we approach membership and stop limiting ourselves as to who can be a member. Chapters are "turning down" members because they feel they are not worthy of being members, or so I am told. I don't believe this. Our chapters are slowly stopping all the work they once did in recruitment and communicating with the members.

## ***CHAPTER/DISTRICT OFFICER CHANGES – WE NEED YOUR HELP!!!***

We are in need of leaders who can grasp the mantle of leadership and use tools like the internet to have our membership swell. We need to create and maintain a category of “Free” membership an email database of names who are connected to us but don’t pay to be part of it. After some time, we can solicit them for our chapters or internet membership. This is an idea which has been discussed for some time and finally coming of age.

Every time headquarters tries to solicit members from our delinquent list, we get calls that we are “stealing” a chapter’s members. If these delinquent members are not paid for at least 2 years, the chapters have lost them. We lose most of our members in the first 3 years they join. There are NO members who leave membership when they have reached 48 years of service.

As a membership organization, it is difficult to find the magic bullet of answers but we need to be aggressive on the internet and in order to do that we will need support. AHEPA is a great organization, we do great things, but at the core, we are our own worst enemy. We do not pull together to work with each other and share best practices, we do not try to make AHEPA shine in our communities.

We award over \$2Million a year when you count every chapter, district and national scholarship across the country, but no one calls their local newspapers to ask them to attend a banquet honoring the students. We honor veterans and life members, and no one sees the work we do. We raise money for food shelters and homeless shelters, no one calls the local newspaper to take a photo when we present the check. We feed thousands of people a year, no one knows about. Our chapters have dinners and events honoring local heroes like policemen and firemen, elected government officials, and no one send headquarters a photo to let us know.

## **Ideas/Comments**

### **1. The Supreme Governors/Regional Directors**

We have too many Supreme Governors and we should consider eliminating some of these offices. We should reduce the U.S. based Supreme Governors to 4 north, south, east, west and add one for Canada, one for Europe. They should be called “Executive Vice Presidents” and serve under the Supreme Vice President. Their ONLY job is recruitment.

### **2. We should have joint district conventions as a Region, each district in the region should have separate meetings and elections and then in turn all meet together for social functions. The District Conventions are slowly dying no one wants to host them and no one attends because it is the same old thing. We need to push for every region to have joint convention.**

### **3. One Man/One Vote**

We should eliminate the delegate voting system. Every due paying member should come to the national convention, pay for a package and be entitled to vote. Eliminate the June 1 deadline for delegates and just have a package price which will be pre-registered (early bird) for one price and on site for another.

4. Living wills/Bequests.

The AHEPA needs to adopt, aggressively a program, which allows us to inherit funds from individuals who place us in their wills. I will ask the Board to have a program drawn up to allow for the gifts and bequests to be derived from our members at some kind of advantage to them while they are living. We are missing the boat on this issue. The Board has approved several items on this and I am happy to say that we are in the final development stage for

- a. Legacy Membership
- b. Free Membership for college age individuals

5. "Once a member, always a member"

How many times have we heard "I was in AHEPA once" or better yet "I am in AHEPA" when in fact they were initiated once, but do not pay dues because they either forgot, or no one has asked. I think it best we invite all of these people back, let them be AHEPA members, and figure out how and to whom they need to pay dues to, I recommend we make them all Members at large and bill them in hopes of having most of them pay.

6. The Convention Chairman for the next year's convention should be elected at the end of the previous convention so that he can appoint committees and they can work all year as a committee and report at the convention without scheduling committee meetings during the convention this eliminating unnecessary meetings and speed up our convention business; perhaps eliminating 2 days of useless days.

7. Fully fund the Journey to Greece Program by securing sponsors to assist in the expense and making the program a viable success. Have one summer program for 5 weeks, every year for 20 students. The AHEPA needs to secure private and public funds in every way to fund this program to the hilt, it is the single most progressive program we have. Each District should participate by donating \$2000 a year towards this program.

8. Every participant in every event (athletic, educational, and social) MUST be a member of the AHEPA to participate. In other words, EVERY student who wishes to apply for a scholarship MUST BE A MEMBER IN GOOD STADNING TO APPLY. No Exceptions.

9. Create one price for national dues. Headquarters would bill every member \$75 per year for membership in the AHEPA. Headquarters would bill every member annually, provide a card for their dues payment and in turn eliminate all the confusion which is now being dealt with in our chapters. From the \$75 AHEPA would pay the individual chapter \$12.50 per paid member and the district \$12.50 per paid member. The \$5 would go to offset the additional costs of mailing all the bills. The current \$2 reimbursement to the districts would be eliminated – SIMPLE.

10. AHEPA should establish a national chapter assessment of \$1500 per year per chapter in order to use the trademark of the AHEPA logo. Like any franchise AHEPA's name is very important and we should charge a fee for the support we offer. If we asses each chapter the \$1500 we would not need the collection of individual dues. The chapters are free to charge whatever they feel they need in order to maintain their normal finances.

Every year headquarters has to comply with IRS tax status and filings of forms to have all our chapters compliant. This is an added expense which we have had to absorb over these past few years. We need to empower the chapter and eliminate national Dues for members.

## *CONCLUSION*

The Supreme Lodge should take on the responsibility to travel, drive to and visit EVERY chapter in the AHEPA domain. We cannot count on email, phone or regular mail to do the job of pressing the flesh. Every extra penny we have should go to visiting the chapters. Having the chapters come to regional meetings is nice, but nothing replaces a visit by the Supreme President to your hometown.

The AHEPA is a brotherhood, a family and we need to work together to make all our programs a success. We do so much good for so many people, and we always do it for the right reasons, we do it because we can and because it's right, be proud you are a member and get others to join.

I would like to, once again, thank my staff at headquarters, Patrice, Rory, Rosalind, and Stephanie thank you for your hard work and dedication, AHEPA is lucky to have all of you! I would like to thank Andrew Kaffes for all his assistance and support. To Elena Saviolakis, Daughters Executive Director, thank you for all your support and cooperation.

Many thanks to our Supreme President George G. Horiates for his personal sacrifice and support this year, AXIOS!

To the Board and Supreme Lodge, thank you for your support and kind words of encouragement.

A few years ago, re read a book entitled "*I Could Never Be So Lucky Again*" authored by Medal of Honor winner General James "Jimmy" Doolittle of WWII fame. In it he wrote:

**"There's nothing stronger than the heart of a volunteer."**

Those words resonate to me because I know this to be true when I look at the wonderful work the Order of AHEPA does in our communities. We should all look teach other for support and promote our good works, not only within the AHEPA, but more importantly, OUTWARDLY! BE proud of your association and get others to see what wonderful work our volunteers do!

Fraternally Submitted,

## ***REPORT TO THE 99<sup>th</sup> SUPREME CONVENTION***

Dear ANHC Board Members and our Management Team,

We have successfully traversed thru the COVID-19 Pandemic. Our property managers and service coordinators went above and beyond caring for, and tending to, our entrusted tenants. We continue to embrace our charge of taking care of the most vulnerable population in society, very low-income seniors and disabled persons. We were in the forefront when it came to providing COVID-19 vaccinations to residents. Through the federal government's Pharmacy Partnership for Long-term Care Program, we began setting up on-site clinics with CVS and Walgreens the first week of January 2021 at our independent living properties. The great work of our local boards who provided food items, PPE, and comfort to our residents epitomized the AHEPA CARES program established by Supreme President George Horiates. We remain steadfast in our mission to provide quality, dignified living, and professional assisted living services to low-income seniors and those with disabilities. We do this so we may be able to give back to charities in our local communities, national charities, and AHEPA family charities.

### **A New Corporate Culture and Business Approach**

This year has been challenging as we have continued the transformation of the management company and our subsidiaries. We are well on our way to changing the corporate culture by upgrading the talent level of our staff. We have become results focused and even more transparent. We continue to develop our culture and strategy to eliminate bad habits from the past and to embrace new technologies and processes to become more efficient, effective, and profitable. Many changes have occurred, and more will follow, as we continue to move the organization forward. In tandem with upgrading the level of staff talent, we also have upgraded our partners. We have:

- a new audit firm capable of handling all aspects of our businesses,
- brought in-house information technology talent,
- brought in-house a government affairs director, and
- embarked on a branding strategy with subject matter experts on branding and social media awareness, who will assist us in positioning our brands for independent living and for affordable assisted living.

We are becoming a much more professional and effective corporation.

### **No current debt balance on our Line of Credit with Plans for Future Growth**

We have come a long way since December 2018 when we faced going concern issues. Today, we have no debt on our line of credit. We have just under \$8million in cash segregated for operations for the 202s and the AALFs. This year, we have been able to support local charities, national charities, and AHEPA family charities with more than \$500,000 in contributions. This amount is three times what we were able to do just three short years ago. On May 26, 2021, we submitted two applications with HUD to develop new Section 202 projects in South Bend, Indiana and Des Moines, Iowa. We also are excited to have three applications in the works for the next round of funding that HUD will make available. We completed the closing on North Miami 421 and have taken over ownership AHEPA 23 in Montgomery, Alabama. Recently, we signed an agreement to take over ownership of AHEPA 18 Inc. in West Palm, Florida. However, the most transformational accomplishment this year has been taking over the management and daily operations of our first two AALFs, HSL of Indianapolis and HSL of New Albany, on April 1. We will be taking over the daily operations of HSL of Elkhart on August 1 and have won equity partner approval to take over the management of HSL of Mishawaka by year's end. Since

we have taken over the management of the Indianapolis and New Albany, we seen significant improvement in occupancy and acuity levels. These two properties are now self-sustaining for debt service and the trends are clearly in our favor. We expect similar results when we take over Elkhart and Mishawaka.

These accomplishments did not occur by chance or luck. A great debt of gratitude goes to John Miller. He took the lead from the board to work with the team in Fishers to develop the protocols, policies, procedures, and confidence to take over the day-to-day operations of the affordable assisted living facilities. Another board member who stepped up this year was Jason Adams. He took the lead from last year's annual meeting in Nashville to examine our corporate structure and explore how it could be simplified and made to function more efficiently and less costly. Michael Pihakis continued to assist the organization with insurance. Last year it was from a benefits standpoint, and this year, from a P&C standpoint.

The Interim Operations Committee continues to work closely with Steve Beck defining expectations, goals, direction, and subject matter expertise. As we have improved the talent level at headquarters, we have been able to go from weekly operations meetings to meeting twice a month. We should be at monthly meetings by the end of the 3<sup>rd</sup> quarter this year, making these meetings the Executive Boards Update meetings with the entire executive board. We also wish to thank John Zourzoukis for his dedication, insight, and work with the operations committee. He made sure we followed up on all outstanding items. The Interim Operations Committee continues to direct the management team to be focused on getting the RED properties green. Again, I reiterate firmly the strong financial position in which we find ourselves. As you will see during the meeting, we have been successful in collecting past due management fees from our properties. This is a task on which previous leadership failed to deliver. Expense reductions, revenue growth and collections have been critical to position us in the best financial shape we have been in for more than a decade. Steve has been delivering consist quarterly income for AMC from initiatives he has put in place. Our focus is on NET INCOME and positive cash flows, not Net Operating Income.

### **Challenges to Address**

To be sure, not everything has gone our way this year. As we approached each obstacle, we were able to move forward as other board members stepped in. Pete Nassos and Chris Coumanis serve as co-chairs of the audit committee. This presented a challenge as we have converted our tax fiscal years to calendars years for all entities except for the 202s. Naturally, this caused delays and extensions for the stub audits. Additionally, we were required to make non-material restatements for previous years (no restatement effected cash positions). This has resulted positively in the development of better processes and procedures for our internal accounting team in Fishers. It is also leading us to improved integration for the accounting for the 202s and the AALFs. A monumental task here is nearly complete. However, there are other challenges that we need to put to bed this year:

- First, we do not have a current list of board members at each property at the local level.
- Second, we do not have signed conflicts of interest statements by each member of our local boards.

We will fine-tune our program for our road show to each of the existing INC. boards and the chapters to re-energize the base for new or expanded projects. We will address more of these potential issues during the meeting.

The greatest challenge we have faced this year has been from competition; outside developers and managers of 202 properties. We are in a competitive space and will continue to face competition for new projects as well as existing ones. Our litigation risks with AHEPA 53 INCs. and Silvertree are coming to an end. We owe a debt of gratitude to our counselor, Ike Gulas, who led the negotiations with our legal team and opposing counsel. He was key during depositions and was vital to the mediation process. We have a settlement with Silvertree and AHEPA 53 INCs. that fairly compensates us for our consideration and provides us much needed capital to continue to grow the operations and the portfolio. Another competitor out there, Redwood, is now looking to partner with us for the future. They have drafted a management agreement for AMC to manage new properties they acquire. This is certainly a positive development out of a potential challenge. We also have been contacted by Integra Care about possible joint work. We need to make sure that we are positioned to take advantage of opportunities and not get locked into unproductive and costly litigation and battles. To win the war, pick your battles. Not every battle decides the war.

The ability to meet with high-ranking congressmen, senators and other government officials is special. Our on-site visits in our properties with dignitaries, our calls and zooms with them are very valuable as we distinguish ourselves apart from the competition in Washington. We owe a great debt of gratitude to Andrew Kaffes, who is our Director of Government Affairs and voice on Capitol Hill. Andrew provides valuable insight and access to key decision makers to allow us to tell the AHEPA Housing story. Our brand is gaining greater attention from his efforts. We hope you are reading and sharing the monthly update Andrew provides each board member. We are also pleased to report that we are working on multiple projects utilizing the RAD for PRAC program thru HUD. Chris Coumanis and John Zourzoukis are heading the first projects to undergo this program to enhance their properties and strengthen their charitable foundations. This has been a slow process with a bit more of a learning curve than previously forecasted. Steve will be addressing these opportunities over the next few days.

We continue to increase our level of transparency and communications. Here is a list of the major board meetings since the September 17-19, 2020, annual meeting in Nashville, Tennessee:

- 11-18-20 Executive Board meeting Indianapolis and Zoom.
- 12-2-20 ANHC quarterly update Zoom
- 3-24-21 ANHC quarterly update Zoom
- 3-28-21 Executive Board meeting Zoom
- 3-30-21 Long Term Strategic Planning meeting Indianapolis
- 3-31-21 Long Term Strategic Planning meeting Indianapolis
- 6-23-21 ANHC quarterly update Zoom

There were many more informal meetings with staff, auditors, legal counsel, consultants, marketing, HUD, congressional visits, congressional zooms, and equity partners to name a few with committees and other board members. Without the entire board, and especially the Operations Committee, we would not be on the path of future growth. Our best days are ahead of us.

Respectfully Submitted,

Carl R. Hollister  
President & CEO

# REPORT OF THE AHEPA EDUCATIONAL FOUNDATION

George A. Vorkas, Chairman

## 2020-2021 END OF YEAR REPORT

The AHEPA Educational Foundation (AEF) promotes education and philanthropy through its many scholarships as well as other projects, including the Journey to Greece program. On scholarships, we work within the following three student categories.

- 1) Undergraduate Studies I – high school seniors and college freshmen
- 2) Undergraduate Studies II – college sophomores and juniors
- 3) Graduate Studies – college seniors and graduate students.

Scholarships are available to all students of Hellenic decent, or children of members, in good standing, of the AHEPA family. Preference is shown for students that are currently members of the Sons of Pericles, Maids of Athena, attending the Hellenic College or the Holy Cross Seminary or planning to attend the Journey To Greece program. Our scholarship methodology was changed 7 years ago to introduce higher awards for fewer students, in order to make the scholarship more valuable to the individuals.

This past year has been a challenging one for all involved, students have been working remotely and have their share of challenges. This year we had over 300 applicants which AHEPA headquarters is carefully documenting and entering into our systems. The detailed analysis will be presented to the AHEPA Educational Foundation Committee and during a meeting held sometime later this summer, the Foundation will then select the final winners. Awards will be mailed soon thereafter.

Financial need is a significant factor that the AEF takes into consideration. The importance of higher education is well known and if an AHEPA scholarship can facilitate a college degree for a student with financial need, it is definitely a worthy investment in our future. However, there is a real need to balance financial need with academic achievement, it is a delicate balancing act that we undertake.

We have not had many meetings since last year, only two unfortunately, but will endeavor to change this going forward with our next meeting slated to be the scholarship review for this year.

### Financial Status

A complete report is in the audited statements of the AHEPA. These funds are not managed by the foundation, and I thank the Board of Auditors for the tremendous responsibility they oversee. Our current standing, from what we have been advised by our financial statements, is that our funds are currently valued at \$3.3 Million. We need this corpus to grow more, and we need all your help to do it!

### Journey To Greece

This year the 2021 Journey To Greece program was not held due to the Covid worldwide situation. The program is about educating students in Greece, working towards the achievement of 6 college credits. When the program is operating, it is a terrific program and all the students that have attended in the past refer to it as truly a life changing experience. Heading into 2022, the AEF

encourages all the Districts and Chapter Educational Foundations to consider full and partial scholarships for the Journey To Greece program. I would like to thank all those who contribute and for their continued support of our youth by donating funds towards this worthy program.

### Donors

The following is a partial list of the Scholarships funded through the AEF's benefactors and major donors. We would like to acknowledge their generosity and thank them for supporting our academically deserving youth. The incredible fact is that most of our donors are NOT AHEPAns! This is a tremendous tribute to the respect that Greek-Americans have for AHEPA and its commitment to education. It also presents us all with an outstanding opportunity to recruit additional members and donors. We all need to help make the most of these opportunities when presented to us.

#### A. GRADUATE STUDIES

Nick Cost Scholarship	Spiro and Cleo Millios Scholarship
Dr. John C. Yavis Scholarship	P.A. Margaronis Scholarship
Athansios and Ekaterini Backus Scholarship (Medical Students Only)	

#### B. UNDERGRADUATE STUDIES

George Leber Scholarship	George Coloviras Scholarship
George and Helen Constantine Scholarship	George Chirgotis Scholarship
Nick Cost Scholarship	Sam Dakis Scholarship
Dr. John C. Yavis Scholarship	P.A. Margaronis Scholarship
Gus County Scholarship	

#### C. SONS OF PERICLES SCHOLARSHIPS\*

George Kaloudis Scholarship	John Catsimatides Scholarship	Stergios B. Milonas Scholarship
-----------------------------	-------------------------------	---------------------------------

\*All three of these Sons died very young under terrible circumstances, we honor their memories.

#### D. HELLENIC COLLEGE / HOLY CROSS SEMINARY SCHOLARSHIPS

Carlos T. Touris Scholarship	Archbishop Demetrios Scholarship
------------------------------	----------------------------------

#### E. AHEPA NATIONAL HOUSING CORPORATION SCHOLARSHIPS

Honoring the ANHC pioneers who established early projects and created the framework of such a successful endeavor that does so much for the community and the reputation of the AHEPA

#### F. JAMES G. PULOS MEMORIAL SCHOLARSHIP

Available to students who are majoring in engineering, medical sciences, nursing, biotechnology, bio-engineering, genetic sciences, and political science. All categories are for students with primary residences in the following states: VA, MD, CT, DE, NY, NJ, PA, MA, or DC

#### G. STELIOS PETROULAS SCHOLARSHIP

Award consideration is first given to students of financial need and academic achievement from the City of Nafplion or the Tiryns Village in Greece, which is the region where Stelios Petroulas called his home. IF there are no applicants from Nafplion, then the scholarship will be awarded to qualified students.

#### H. AHEPA NATIONAL SCHOLARSHIPS

Nicholas Kounaris  
William P. Thomas

P.A. Margaronis  
John T. Pappas

Sam Nakos  
Louis G. Manesiotis

On behalf of the Educational Foundation members, I would like to thank AHEPA headquarters for assisting the foundation throughout the year and helping achieve our goals. I also would like to thank the Board of Directors for their continued support. My committee continues to work hard in trying to extend and push the boundaries of our mission send him. I thank them for all they do, from keeping expenses down to delivering the message, and finally, looking for ways to bring in additional funds so we can continue to help our youth succeed.

As we all do, we pray that the current pandemic continues to alleviate to the point of pre-Covid normalcy. We also pray for the soles that have been lost during this tragic time in our lifetimes and pray for the quick healing of those that may be ill.

We look forward to 2022 with eager enthusiasm!

Fraternally,  
Br. George A. Vorkas  
AEF Chairperson

Report of the Hellenic Cultural Commission  
Lou Katsos

Although the last year has been challenging in many regards the AHEPA Hellenic Cultural Commission had been very active and with Supreme President George Horiates' guidance focused starting in June of 2020 for the most part on what was then the upcoming 200th Anniversary of the Hellenic Revolution and continued that activity into this year. It's presentations and panel discussions with others on the Revolution, in many ways, were transformative and helped create the template for many other organizations to follow suit both nationally and internationally. Many of the presented aspects of the Revolution by the Commission with others were very unique. The panels with leading scholars and professors shed light on previously rarely discussed aspects of not only the Revolution in Hellas, also the effects then of the Hellenic Diaspora and Philhellenic importance on it, but also how the Revolution itself affected other nations particularly the United States in both the American Abolitionist Movement and the American Women's Suffrage Movement.

The panel discussions shed light on what has not been properly analyzed historically and these panel discussions have and will affect future research and writings on those aspects of the Revolution Two of the panel discussions resulted in United States Congressional Record acknowledgement. As Chairman of the Commission, I moderated the panel discussions listed below, made presentations during those discussions, and also presented in other venues as listed.

- 6/23/20- "200 th Anniversary of the Hellenic Revolution of 1821 and Hellenic Genealogy Tourism " webinar with Minister of Tourism Harry Theocharis, HGG President Georgia Stryker Keilman ,Gregory Kontos of Greek Ancestry , Peter Vlitas S.V.P, and AHEPA HELLAS Governor Efstathios Kefalidis.
- 8/9/20- "Aghia Sophia/the Holy Wisdom. Reflections on "the 8th wonder of the World"" webinar with Architect John Fotiadis, Author/Byzantist Alexander Billinis, and Dr. Peter Stavrianidis .
- 8/30/20- "2,500th Year Anniversary of The Battle of Thermopylae and Salamis Commemoration " webinar with Prof. of Classics Joel Allen, Mayor of Sparta Petros Doukas, Chris Carey Emeritus Prof. of London University College , Prof. of Classics Jennifer T. Robertsat CUNY, and Prof. Barry S. Strauss of Cornell University.
- 9/6/20- "The Martyred City: The Smyrna Catastrophe (September, 1922)" webinar with Prof. Ismini Lamb of Georgetown University, Prof. Nikos Michailidis of University of Missouri and Dr. Peter Stavrianidis.
- 9/13/20 - "Warrior Arts of the Hellenes: From Ancient Times to the Modern Era" webinar with President of the Pammachon Cultural Union Kostas Dervenis; Martial Artist Eric Hill; Karate Master and World Champion Katherine Loukopoulos; Martial Artist Peter Tsirigotis; and Martial Artist Dimitris Horiatis.
- 9/27/20- "Hellenic Dual Citizen Initiative on the 200th Anniversary of the Hellenic Revolution" webinar with Hellenic Deputy Minister Konstantinos Vlasis. Consul General Dr. Konstantine Koutras, Secretary General of Citizenship Athanasios Balermipas, AHEPA's Supreme President George Horiates, Maria Markou of Markou Global Legal Group, Nikolaos Bregiannos and Dr. Nicholas Theodourou of Bregiannos Law.
- 10/25/20- "OXI Day and its Effects on WW2, Europe and America" webinar with Dr. Konstantine Koutras,Hellenic Lt. General Ioannis Baltzois, Prof. Alexander

- Kitroeff of Haverford College, the Museum Director Janina Marcia Ikononopoulou, AHEPA Supreme V. P. Jimmy Kokotas, and Peter Giakoumis.
- 11/15/20- "Hellenic Energy Independence Forum" webinar with Costis Stambolis, President of IENE, William H. Laitinen of the American Embassy in Athens, Dr. Sotirios Manolkidis Board of the Regulatory Authority of Energy (RAE); Dr. Stratos Tavoulareas, Dr. Yianis Bassias, and Dr. Michael Karmis of Virginia Tech.
- 11/11/20- Veterans Day wreath laying commemoration with AHEPA Supreme President George Horiates and Supreme Vice President Jimmy Kokotas with Delphi Chapter #25.
- 12/13/20- "Hellenic/Philhellenic Women and Their Effect on the Hellenic Revolution" webinar with Marina A. Belessis Casoria, Congresswoman Carolyn Maloney, Prof. Emeritus Eleni Angelomatis-Tsougarakis of Ionian University, History Prof. Maureen Santelli at NVCC, and Maria Kaliambou Senior Lecturer at Yale University. Were cited in the United States Congressional Record for this event.
- 1/26/21- I was interviewed by GHCC/WHCR 90.3 FM- THE VOICE OF HARLEM Radio Program relating to "The Hellenic Revolution and its Effects on the American Abolitionist Movement".
- 1/27/21- I presented to the The Hellenic Book Club in New York a historical background relating to the various Cretan revolts during the Ottoman Period and the book they were reading- Nikos Kazantzakis's "Freedom or Death".
- 2/21/21- "The Hellenic Revolution, its Effects on the American Abolitionist Movement, and Beyond" Panel Discussion webinar with Nicholas Alexiou, Professor of Sociology at Queens College, Prof. Dan Georgakas at Queens College, and Herb Boyd, Professor of the Black Studies Program at the City College of New York, CUNY.
- 2/28/21- "Virtual Reality Training for High Risk Engagements from the Hellenic Revolution to Today's Evolution" webinar with Technologist Eric Hill, International Tax Consultant Paul Pavlakos, Captain Timothy M. Hill, Commanding Officer, Naval Air Warfare Center Training Systems Division and Naval Support Activity Orlando, and George Cheros, the President and CEO of the National Center for Simulation.
- 3/7/21- "The Legacy of the Hellenic Diaspora in the Revolution of 1821" webinar with Prof. Alexander Kitroeff of Haverford College, Author Alexander Billinis, and Prof. Nicholas Alexiou of Queens College.
- 3/19/21- I was interviewed by John Catsimatidis on 77 WABC and discussed the American link to the revolution and also its effect on America including the American Abolitionist Movement.
- 3/25/21- I appeared on 77 WABC and gave a talk on "Honoring Our Heritage and Forefathers".
- 3/26/21- I presented at the Bowling Green Flag Raising on the Anniversary of the Revolution and we had the reenactment of the First Hellenic Independence Day Parade in New York on April 6, 1893.
- 3/27/21- I made a presentation to the Pan Arcadian Federation of America on ""The Beginning of the Reality .. that Greece might still be Free.." relating to the Hellenic Revolution.
- 4/8/21- I gave a lecture presentation on "America and Hellas: A History Forged during the Hellenic Revolution of 1821" at the invitation of the The Modern Greek Studies Program of Georgetown University
- 5/13/21- "The Hellenic Revolution and Its Effects on the Women's Suffrage Movement" webinar with Marina A. Belessis Casoria, Congresswoman Carolyn Maloney, Prof. Maureen Santelli of NVCC, and Prof. Angelo Repousis of Villanova University.
- 5/27/21- "Doing Business in Greece - Part 2" webinar with Konstantine Drougos of Agro Marketing, Christian Hadjiminias, Chairman of EFA GROUP, Peter Vlitras, Sr. Vice

President at Internova Travel Group; and Yiannis Koukouras, President of  
TwelveSec Cybersecurity.

6/6/21 - I made a presentation at the Sail To Freedom - 200 Years of Hellenic Independence Event

6/13/21 - "Hellenic Revival Architecture in an Age of Revolution" webinar with Architect/ Lecturer  
John Fotiadis, and Sarandis Zafiropoulos Emeritus Professor School of  
Architecture at the Aristotle University of Thessaloniki.

6/20/21 - "1821: Revolution and Poetry in Motion" webinar with Prof. Nicholas Alexiou of  
Queens College and Author Andreas A. Melas

Hellenic Cultural Commission Chairman

## 2020-2021 Report | Cyprus & Hellenic Affairs Committee

To the Delegates/Alternates of the 99<sup>th</sup> Supreme Convention:

The AHEPA Cyprus & Hellenic Affairs Committee expresses its profound appreciation to Supreme President George G. Horiates for his selfless leadership, confidence and support this past year along with deep thanks to the Supreme Lodge, Board of Trustees, and Executive Director Basil Mossaidis. I also would like to personally thank the members of the Committee and extend my personal gratitude to our consultant, Andrew Kaffes, without whose efforts, guidance, advice and direction, would have seriously jeopardized our ability to promote our causes to Congress and Federal Agencies. Despite the COVID-19 pandemic derailing in-person plans and activities during almost all of 2020 and much of 2021, AHEPA still made the 2020-2021 administrative year a productive one.

### LEGISLATION UPDATE & ENGAGEMENT WITH CONGRESS

**Legislation:** A resolution to recognize the 200<sup>th</sup> anniversary of Greek Independence.

- Resolution Number: H.Res.246
  - Sponsors: U.S. Representatives Carolyn Maloney and Gus Bilirakis
  - Number of Co-Sponsors: 11
  - **Of Note:** The resolution's companion in the U.S. Senate, S.Res.34, passed the Senate by unanimous consent.
- Supreme President George Horiates was quoted in Rep. Maloney press release about H.Res.246's introduction and participated in Congressional Hellenic Caucus press conference.

**Legislation:** A resolution to express the sense of the Congress that the Parthenon Marbles should be returned to Greece.

- Resolution Number: H.Res.254
- Sponsors: U.S. Representatives Carolyn Maloney and Gus Bilirakis
- Co-Sponsors: 10

**Legislation:** A bill to oppose violations of religious freedom in Turkey and safeguard the rights of the Ecumenical Patriarchate.

- Bill Number: H.R.3056
- Sponsors: U.S. Representatives Carolyn Maloney and Gus Bilirakis
- Co-Sponsors: 10

- Supreme President George Horiates was quoted in Rep. Maloney's press release.

**Legislation:** A resolution condemning Turkey for its illegal occupation of Cyprus and encouraging the Biden administration to make Cyprus a foreign policy priority.

- Resolution Number: H.Res.376
- Sponsor: U.S. Representative Nicole Malliotakis
- Co-Sponsors: 6

- Supreme President George Horiates was quoted in Rep. Malliotakis' press release.

**Legislation:** U.S.-Greece Defense and Interparliamentary Partnership Act of 2021

- Bill Number: S.2000
- Sponsors: U.S. Senators Robert Menendez and Marco Rubio
- Co-sponsors: 4
- **Of Note:** The Senate Foreign Relations Committee advanced the legislation, as amended, favorably, on June 22, 2021.
- **Of Note:** U.S. Representatives Gus Bilirakis and Ted Deutch announced the introduction of a companion bill in the House of Representatives, June 25, 2021.

**2021 NDAA.** In a July 17 letter to the House Rules Committee, Supreme President George G. Horiates conveyed AHEPA's support for two amendments offered to the FY2021 annual defense authorization bill (NDAA), H.R.6395. The amendments were:

- Kinzinger/Spanberger - Requires a determination on the imposition of sanctions with respect to the Government of Turkey's acquisition of the S-400 air and missile defense system from the Russian Federation
- Bilirakis/Pappas - Requires a feasibility study on increased rotational deployments to Greece and encourages enhanced U.S. diplomatic engagement w/ Greece-Cyprus-Israel & Greece-Cyprus-Egypt.

Both amendments were adopted and passed by the House of Representatives as part of the larger annual defense bill on July 21.

- Eventually, Congress imposed mandatory sanctions on Turkey for its violation of CAATSA with its passage of the FY2021 NDAA on Dec. 10, 2021, which AHEPA applauded.
- The defense bill also strengthened U.S.-Greece defense cooperation with an authorization to appropriate \$50.18 million for military construction at Souda Bay, Crete in addition to requiring a feasibility study of increased rotational deployments to Greece.

**FY2021 Appropriations/Hagia Sophia.** An AHEPA-backed bipartisan amendment sponsored by U.S. Rep. Dina Titus (D-NV) that is accompanied by language that encourages the U.S. Department of State to denounce Turkey for taking formal action to change the status of Hagia Sophia passed the U.S. House of Representatives, July 23, 2020. The language also encouraged the State Department to engage with Turkey for purpose of returning its status to a museum. The amendment was part of a larger FY2021 funding bill, H.R.7608, that eventually became law.

**ADDITIONAL ENGAGEMENT**

Supreme President George Horiates also presented remarks at a virtual celebration of Greek Independence hosted by U.S. Rep. Nicole Malliotakis (R-NY) and held in honor of Pfizer CEO Dr. Albert Bourla, March 29, 2021. U.S. Rep. Gus Bilirakis (R-FL), Greek Ambassador to the U.S. Alexandra Papadopoulou and Cypriot Ambassador to the U.S. Marios Lysiotis, joined U.S. Rep. Malliotakis in the celebration. Malliotakis also commended AHEPA for its natural disaster relief efforts following Superstorm Sandy and other devastating natural disasters throughout the world. Several community leaders also participated.

Supreme President George Horiates participated at a Hellenic Caucus roundtable discussion about the Caucus's policy priorities and goals for the 117<sup>th</sup> Congress on June 24, 2021.

The 2020 AHEPA Congressional Info-Card for the 116th Congress on the public policy priorities of the American Hellenic community was released during the week of October 2020. As an educational piece, the Info-Card presents data on members of Congress and their co-sponsorship of legislation and votes taken on legislation of importance to AHEPA

## CONGRESSIONAL CAUCUS ON HELLENIC ISSUES

- The Hellenic Caucus stands at 101 members.

We surely can, and must, do more to build the Hellenic Caucus.

## CAPITOL HILL DAY

Unfortunately, Capitol Hill Day was postponed due to COVID-19. We look forward to its resumption when normalcy returns to Capitol Hill.

## ENGAGEMENT WITH THE ADMINISTRATION

AHEPA sent a formal request to President Joseph Biden, Jr., asking for the United States government to recognize the Greek Genocide, June 7, 2021.

On August 13, 2021, AHEPA sent a letter to President Donald J. Trump to convey the Order's alarm and grave concern about Turkey's aggressive acts in the Aegean and urged President Trump to encourage Secretary of State Mike Pompeo to send a strong message to Turkey to stop its hostile behavior in the region. Moreover, in the letter, Supreme President Horiates asked the

Administration to 1) condemn Turkey's actions and 2) to impose sanctions on Turkey for its violation of U.S. law.

The U.S. Department of State has responded to AHEPA's concerns about Turkey's provocations in the Aegean. In an August 4, 2020 letter, Deputy Assistant Secretary of State for European and Eurasian Affairs Matthew Palmer, who responded at the request of Secretary of State Mike Pompeo, to a July 22 letter sent by Supreme President Horiates about Turkey's provocations in the Aegean conveyed the United States' "deep concern." Palmer stated, "We continue to urge Turkish authorities to halt these activities and to avoid steps that raise tensions in the region. We fully agree that a conflict between two NATO Allies must be avoided."

#### **STATEMENTS**

AHEPA lauded President Joseph Biden, Jr.'s recognition of the Armenian Genocide in an April 26, 2021 statement.

AHEPA congratulated President Joseph R. Biden, Jr. and Vice President Kamala Harris on their inauguration in a January 20, 2021 statement. AHEPA also welcomed the U.S. Senate's confirmation of Antony Blinken to serve as Secretary of State.

AHEPA mourned the passing of Civil Rights Icon U.S. Representative John Lewis, a recipient of the 2015 AHEPA Pericles Award. Representative Lewis passed away in July 2020.

AHEPA mourned the passing of former U.S. Senator Paul S. Sarbanes, a recipient of the 1993 AHEPA Socrates Award and AHEPA Life Member. Senator Sarbanes passed away in December 2020.

Additionally, during the administrative year, AHEPA welcomed, applauded, or commended instances of U.S. government action or statements that bolstered bilateral relations between the United States and Greece.

AHEPA applauded the Trump administration's decision to waive the limitations placed on the transfer of non-lethal arms equipment to the Republic of Cyprus for one year. In April 2020, Supreme President Horiates wrote to Secretary of State Mike Pompeo requesting him to exercise his authority granted by Executive Order to waive the limitations placed on the Republic of Cyprus by U.S. law, thus allowing for the transfer of defense articles.

AHEPA commended the United States' December 14, 2020 decision to impose sanctions on Turkey for its procurement of the Russian S-400 missile defense system under the Countering America's Adversaries Through Sanctions Act, which is a clear threat to the United States' national security. Although overdue, this policy measure by the Trump administration, with bipartisan pressure from Congress, sent a strong and pointed message to Turkey.

#### ***Recap: AHEPA's Advocacy to Hold Turkey Accountable***

- In November 2019, Supreme President Horiates wrote to then-Secretary of State Mike Pompeo to request the secretary, under authority designated to him by Executive Order, to impose sanctions on Turkish entities pursuant to Section 231 of CAATSA based upon press accounts that reported Turkey tested the S-400 missile defense system against F-16 aircraft.

- Horiates' November 2019 letter followed-up on his October 2019 letter to then-Secretary Pompeo that inquired about the status of the United States sanctioning Turkey under CAATSA.
- Also in November 2019, Supreme President Horiates met with key policymakers in foreign policy on Capitol Hill, including then-Senate Foreign Relations Committee Chairman Jim Risch (R-ID) and then-House Foreign Affairs Committee Chairman Eliot Engel (D-NY), among others, to work to hold Turkey accountable for its actions.
- In July 2020, AHEPA asked the Senate Foreign Relations Committee to press then-Secretary Pompeo on the issue during a committee hearing, which then-Ranking Member Robert Menendez (D-NJ) correctly did. (video)
- During the summer of 2020, Supreme President Horiates again wrote to then-Secretary Pompeo, stating the U.S. must impose sanctions on Turkey, which received a response from the State Department.
- Ahepans mobilized following a September 2020 memo Supreme President Horiates sent a memo and provided a mobilization tool kit to chapters that included talking points on the policy matter. AHEPA also placed an advocacy ad in several Greek American publications.

### ***Additional Issues and Action Taken***

**Turkey Boycott.** AHEPA has pursued a boycott of Turkey campaign, educating the community about what products and services emanate from Turkey.

**Turkey Protest.** Supreme President Horiates led a contingent of Ahepans who participated at a protest of Turkey held at the Embassy of Turkey in Washington, DC, August 14, 2020. The Hellenic Cultural Center organized the protest.

**Visa Wavier Program.** With Congress and the Administration, AHEPA continuously and closely monitors Greece's standing in the United States Visa Waiver Program.

Again, thank you for the opportunity to serve the Order of AHEPA. It has been a great honor to work on behalf of this important committee.

Respectfully Submitted,

Dr. Zenon Christodoulou  
Chairman

Report of AHEPA Cooley's Anemia Foundation  
Chairman Ike Gulas, PSP

AHEPA has been sponsoring and supporting fundraising events for Cooley's for close to 50 years. AHEPA has donated hundreds of thousands of dollars to help research to irradiate this disease, and the last two years have been slow because of the COVID and the lack of chapter meetings, but research is always on going. Rapid developments in research are promising and we look to science to resolve this terrible illness.

Yes, there has been great progress and the future looks good for a potential cure, however, WE CAN DO MORE. I think back to the days when I was a young boy, not knowing that one day Cooley's would touch my life such that it has. I remember seeing the cans in all the Greek restaurants and diners no matter where I was raising money one quarter at a time. I remember the blood drives and screenings which were part of every AHEPA Supreme Convention. I remember my friend who so bravely battled Cooley's without the benefit of today's advancements and eventually lost his life at such a young age.

WE CAN DO MORE! I am proud of the AHEPA family because we are always at the ready to provide assistance where assistance is needed. Whether it is raising money and supplies for the Greek fires, providing assistance to Greece during its financial crisis or raising money to rebuild a church destroyed at Ground Zero, we stand ready to assist. Well, I am challenging our entire AHEPA Family to focus your efforts on helping to eradicate Cooley's Anemia once and for all. Never before have we been so close to attaining a cure and we can be the vehicle to help achieve that cure. Cooley's is the very first genetic disorder discovered in the 1950's. Since that time, we have witnessed hundreds of other diseases surpass Cooley's due to the fact it was not a designer illness and thus did not receive the funding necessary to put it at the forefront. Only through the efforts of organizations such as AHEPA, the Cooley's Anemia Foundation and the Knights of Columbus were we able to raise money and awareness.

I for one would love to be part of an effort which can help to eradicate a disease which has affected our heritage for thousands of years. As such I am challenging the AHEPA, Daughters, Sons and Maids to refocus your efforts on Cooley's Anemia for the final push which I am positive will yield a cure. Once that is accomplished, we can take pride in the fact that we have done something that will have a lasting impact on our people forever.

Faternally,

AHEPA Veteran's Committee Annual Report  
Colonel Nicholas P. Vamvakias, Chairman

It is with sincere honor that the AHEPA Veteran's Committee provides this Annual Report for the year 2020-2021. This committee was duly appointed with the following members actively involved throughout the 2020-2021 year during a year of COVID-19 pandemic. Chairman, Col Nick Vamvakias USA (ret); with Vice Chairman and Webmaster Administrator Wynn Storton (Webmaster). Members John Bantsolas, Don Vanover and more..

The mission of the Committee has continued to be that of "registering and awarding the AHEPA Veteran's medal to all eligible AHEPA Veterans" in addition to other means of recognition for our Veterans, such as participating in Chapter, and District initiatives of New Memberships of Veterans. This was done via the website, and via PDF application processes. In all of these cases, applications were used to register in the data base that is maintained, and organized, by our Webmaster. The award of medals, has enabled the committee to make a small profit. Profits were distributed by means of donations to such organizations as Wounded Warriors, the Fisher House's that support our Veterans at Hospitals on Military Reservations, and in addition to the Service Dog charities. Historically, Wounded Warriors was the initial charity to receive monies and a stipend was provided to the Service Dog charity. Both charities received \$1000 (One Thousand) and \$750 (Seven Hundred Fifty) respectively. Patrice Farish (AHEPA Controller) maintained the account at HQ. Future monies will continue to be distributed to AHEPA charities as deemed possible.

During this challenging year plus of COVID the Committee met thru ZOOM which was led by our Webmaster's access to ZOOM making the meetings more efficient and very social, during this challenging COVID time. Telephonic means was also used to enhance our means of communications on a monthly basis. The meetings were properly chaired and encompassed valid election of a Chairman, Vice Chairman, Secretary, and Webmaster as listed in the opening paragraph of the report. Minutes are electronically available at "Free Conference Call" dot com. And the finances are kept at AHEPA Headquarters by Patrice Farish, as mentioned in paragraph one, via the website commerce capabilities designed by Wynn Storton. Deposits and payments for each medal continue to be made via the e-commerce site and to "Awards Unlimited". Patrice Farish always has the final audit of funds at Headquarters. Of Commendable note, the committee and medal processes support itself at no cost to the Supreme Budget. Each Medal is purchased on a cash accounting basis with an additional donation the primary charity of Wounded Warriors should the registering Veteran feel compelled. A nominal \$10 (ten) is asked of every registering veteran to both maintain the nominal administrative needs of the process and to provide a sound donation to charitable veteran's causes. Virtually every Veteran obliged in good faith showing compassion in this regard. The committee continues to thank every AHEPA veteran for their charitable good will. It was inspiring to read their applications and see their service history.

Ultimately, the process worked well, with more initiatives planned by the committee now that the COVID year is nearing closure. Word was conveyed to each District via electronic means by AHEPA "E-news" routinely disseminated by the Executive Director, Basil Mossaidis, who has continued to help, coach, and guide the committee on numerous occasions. As the Executive Director has asked, more articles are needed for the "AHEPAN" magazine depicting the true Service to our Country and AHEPA. Every means of communication is imperative and was used to capture 100% of our Veterans experiences. Col Vamvakias, continues to thank AHEPA and the Supreme Lodge for the support that they have provided by informing each

Chapter, and each District on how important our AHEPA Veterans are and for them all to be recognized. Past Supreme Governor Wynn Storton continues to do the lion's share of the work in processing the manual entries of PDF document registration forms, tracking checks, and working with Patrice Farish for 100% account accuracy. There were no discrepancies in the process.

In the future, the committee recommends Strongly that each District Create a Veterans Chairperson to look for new members who were Veterans or are on active duty to become members of AHEPA and the mention of a "Veteran's liaison" in each chapter to assist those with limited access or website unfamiliarity. It is understandable that the average age of our veterans often precludes electronic means. Hesitation often occurred. Yet each chapter that registered its veterans did a fine job of submitting checks, applications, etc., while preserving member dignity in the process if electronic means felt uncomfortable. Applications were accurate. Wynn Storton is to be continually commended as he routinely continued to enhance the Veterans Website. Occasional discrepancies were handled real time by Wynn and he kept the process moving along. Many medals and registrations were processed in 2020-2021.

Visitations and representations were made by Col Vamvakias to the Washington Metro Area Salute to OXI day. With visitation and speech to Metro Area Baltimore Chapters and District #3 AHEPA Salute to Veterans Day on 11 November 2020. Visitation and Veterans Presentations were made at AHEPA Chapter #9 at their Annual February Scholarship Veterans Salute. The Annual AHEPA Wreath Laying was conducted with the Supreme President, at the Tomb of the Unknown Soldier at Arlington National Cemetery. This was followed by the Washington Metro Area Chapters laying approximately 600 AHEPA flowers on the graves of these Greek/American and Orthodox Veterans.

With COVID now retrograding and in spite of it this the team was effective, had fun, and worked well together to accomplish goals and objectives set out with Supreme Lodge guidance. Again, electronic website and e-commerce transition is a new paradigm in the AHEPA domain, but great progress is being made.

Future vision includes expanding outreach for various charities, continued publication and dissemination via electronic means (while still keeping manual pdf applications for the elderly veterans and accepting checks for the near future), and to enhance the virtual wall of honor that is in it's infancy. The effectiveness of the program continues to rest in the arms of our Districts and Chapter President's. This adds fiber to the fabric and DNA of our chapters by appointing liaisons (mandated by the past three Supreme President's) to ensure success at the grass roots level.

Fraternally Submitted,

National Projects Standing Committee Report  
Marshall A. Monsell III

The last meeting was in Chicago at the National Convention in 2019.

Doug Harris made a presentation to forward the idea that we can build membership through Greek Folk Dancing at convention. He knows how successful the Hellenic Dance Academy competitions, along with other groups, have been through out the country. I reached out to get an update.

“Marshall:

With regard to my presentation to the National Projects Committee a year ago, which included an initiative designed to stimulate interest in AHEPA Family membership among the Greek and Orthodox communities across the country , I am not aware of any additional effort that has been made in support of this plan.

The strategic marketing plan, tactical overlay and accompanying budget I presented at that time remain viable and can be put in action whenever funding is made available. Until then, I consider my work on this project completed.

Brother Doug Harris  
Ahepa Houston TX”

The Ahepa National Museum is as reported below:

To: Marshall Monsell National Projects Committee Chairman

Submitted: Themistocles Frangos District 13 Governor RE: AHEPA National Project Status Update; NHM – AHEPA Rotating Exhibit within the Greek Story in America – Reaching for the American Dream Dear Brothers, At the 97th AHEPA Supreme Convention in Chicago, IL, the proposal for a permanent AHEPA exhibit at the National Hellenic Museum (“NHM”) in Chicago, IL was approved and accepted by both the National Projects Committee and the Convention Delegates.

The project looks to showcase and preserve AHEPA through three different channels: (1) a permanent exhibit on the 3rd floor of the NHM that will allows visitors to view artifacts and the history of the organization on a permanent and in-person basis; (2) the collection and preservation of artifacts, photographs, and documents in the NHM Collections & Archives that will also have an online component that can be accessed from anywhere in the world; and (3) the recording of oral histories by AHEPA members to be showcased on a touch panel display within the exhibit (note – oral history recordings are an important part of preserving the history of our organization and the recordings to be displayed would only be displayed by those giving their consent; the remaining oral history recordings would be preserved by the museum). Unfortunately, the Covid-19 pandemic has brought the project to a pause after the NHM has put a temporary freeze on all new exhibits due to budgetary restrictions.

Once things begin to open up and then NHM can hold in person events, we look to have clarity as to the status of the project and when we can begin sometime during 2021-2022.

If you have any questions, please don't hesitate to contact me by email at [themis.frangos@gmail.com](mailto:themis.frangos@gmail.com) or by phone at (517) 214-8038.

Fraternally,  
Brother Themistocles Frangos

The underwater photography project in Greece reports as follows

Brother Marshall, Very good to hear from you. First, I do plan on coming to the convention in Athens.

I wish to update you on significant developments. I have made a change in the filming project as I simply have not been able to make progress with the professors at the University of Patras. While I was in Greece, I met with a professional diver who participated in the last Antikythera project who informed me of how important Dr. Papatheodorou is, and as a result of how extremely busy. Face to face communication is so critically important for establishing relationships. While I was in Greece in October and November, my plans to go to Patras and meet Dr. Papatheodorou was blocked by the sudden lockdown. I simply have been unsuccessful in having a meaningful conversation with the professor. The Ionian Sea project has been set aside in favor of a project in the Aegean.

I was able to meet with Dr. George Koutsoflakis, from the Ephorate of Underwater Antiquities who is also Project Director Kasos Project <http://www.kasosproject.com/EN/page25.html> We discussed the possibility of filming unconfirmed shipwrecks reported by retired sponge divers. It was overall a positive and constructive meeting, as he promised (and later provided) feedback to the project's slide deck proposal as well as the names of two retired sponge divers on Kalymnos who have reported shipwrecks that have not yet been confirmed. As I stated earlier, my plans are to return to Greece in July to attend the convention. My hope is that prior to the convention, I can travel to Kalymnos and meet these two gentlemen and convince them to participate in the film, along with a sponge diver, Mr. Antonis Koulouriotis, whom I met in 2018.

Dr. Koutsoflakis and I discussed many things. I explained that my goal isn't simply to create a film, but to create a film that would inspire Greeks, Philhellenes, and archaeology lovers to fund excavation. At the 2019 convention, Brother Lance von Uhde suggested an exclusive museum tour that would be used for fundraising for a museum to house these antiquities. Now building a museum is an extremely ambitious project that will likely take decades. I say this in all seriousness that having just turned 50, I hope to see ground breaking while I still walk the earth. It is difficult, but not impossible. This completely depends however on a successful filming project. Dr. Koutsoflakis did state that Greece simply does not have enough space to house all of its archaeological treasures.

I have challenged myself with the filming project by trying to make it a cooperative effort with the Ephorate of Underwater Antiquities in order to provide benefit to archaeology in Greece. Why is it complicated? There is an ongoing five year conflict between Dr. Koutsoflakis and the Koulouriotis family. It would be completely unethical of me to drop Mr. Koulouriotis from the project as the Aegean project would not exist without our meeting in September 2018. I have concluded that both parties are right in some respect. Finding that middle ground is my short term goal (prior to the summer).

Now I have been advised by the professional diver I mentioned earlier, that if I wish to work with the Greek government, that I must work primarily through Dr. Koutsoflakis. He appears to be a primary advisor to Mrs. Pari Kalamara, the Director of the Ephorate of Underwater Antiquities. Dr. Kalamara also reports directly to the Minister of Culture and Sport, Mrs. Lina Mendoni. It is my hope to convince Dr. Koutsoflakis to assign another archaeologist from the Ephorate of Underwater Antiquities (there is one that is friends with the Koulouriotis family) to participate in our film in exchange for the promise to be a participant in the filming of future projects as he is so active with the Kasos project.

If this negotiation fails (I am waiting to hear back from Dr. Koutsoflakis), I have been in communication with Jean-Marc Jefferson of the Maritime Archaeological Sea Trust (<https://www.thisismast.org/people/trustees-directors.html>). The founder and CEO of MAST, Dr. Jessica Berry, fortunately has Greek heritage. Mr. Jefferson has expressed elation to have an archaeologist from MAST to participate in this filming project. I have explained my preference to work with Greek government archaeologists for the maximum benefit to Greece. Mr. Jefferson stated he understood and appreciated my goals and transparency. The door is open.

The timeline for the project is as follows: secure additional participation of the two additional sponge divers in the July/August 2021 timeframe. Secure the participation of an archaeologist from either the Ephorate or MAST by the end of August 2021. Complete the final proposal of the project that will be used to pitch to networks by the end of September 2021. Submit the paperwork for filming in November 2021. Film in May 2022, the month statistically that has the calmest seas in the Aegean.

The project as it stands now has the greatest appeal and chance for funding by a network like Discovery Science (with whom Fabien has been in high level communication) and also Netflix, whose Chief Content Officer, Ted Sarandos is 1/4 Greek (papou from Samos).

Thank you,  
Brother Kosta Koeman  
Seattle AHEPA chapter #177

These are the updates from the Project Chairman in charge of making these ideas a reality. As you can read we have a lot of work to do. On a related subject Brother Kosta Koeman gave us the contact to have Dr. Lina Mendoni the Minister of Culture and Sport to talk at the Ahepa National Convention in Athens Greece this July 2021 .

Brother Kosta writes " It is my goal to build a bridge between the AHEPA and the Ministry of Culture and Sport that would enable the AHEPA to know more about the amazing work that is being done in Greece and for members who are so inspired to help fund some of the efforts. This is not limited to underwater archaeology of course. It would include all archaeological efforts, on land and under the sea. With a bridge being established at the convention, I would like to propose that there is a monthly article from the Ministry of Culture and Sport published in the AHEPA magazine discussing different projects and issues of its choosing."

We thank brother Kosta along with all the other project chairman for their effort to bring great events and projects to the betterment of Ahepa World Wide. ###

International Committee  
Anthony D. Kouzounis, PSP

The International Committee was established at the National Convention in Miami in 2004 and formalized by Article 27 in the By Laws. It has evolved, since that time, to explore potential members throughout the World, but primarily in Canada, Greece and Cyprus. Since then, we have established additional Chapters in Constantinople, Panama, Puerto Rico and the Bahamas. Australasia was established in 1934 and remains independent of the USA. It is hopeful that we can reconcile our differences and unite.

The Supreme President appointed Nick Aroutzidis PCP, Ted Fanikos PDG, Nick Papadopoulos PSG, and Anthony Kouzounis PSP to the Committee. During a 2019 meeting the US Ambassador to Greece encouraged Nick Aroutzidis to expand the committee's reach to Beirut, Lebanon and Cairo Egypt. Brother Nick Papadopoulos (Meellosporo or Johnny Appleseed), and I appropriately "dubbed" him during my final report at the National Convention in New Orleans in 2014, proceeded to contact fellow Hellenes in those countries. There was great interest, and several schedules were made. Unfortunately, the civil unrest, national protests, and demonstrations against those governments kept Brother Nick from being able to visit. Likewise, the recent onset of COVID19 has furthered his inabilities to fulfill the charge. Hope remains!

The newest Chapter was sworn in the latter part of 2020 in Switzerland. Even though Covid protocols were in place (worldwide), we were able to achieve growth internationally, with district 25-Greece surpassing 1,000 active members. Other contacts have been made by Brother Nick Papadopoulos in several other African countries as well as the FAR-OFF regions of Singapore, Japan and China. Over the past 99 years, the AHEPA Brand has been established as THE Leading Hellenic Organization in the World.

Our Mission Statement, to promote the ancient Hellenic ideals of education, philanthropy, civic responsibility, family and individual excellence through community service and volunteerism, is recognized throughout the world. It is my dream that we establish a long-range Strategic Plan to expand the Brotherhood in many other countries. With the rapid advance of telecommunication such as ZOOM, WebCam and other similar systems, we can do so (rapidly at little or no cost). Logistically, several initial contacts can be made and followed up with ZOOM meetings, then followed up with OATH taking and a personal message delivered by the Supreme President (all with ZOOM). While this seems doable, time and other difficulties can be worked out, bearing in mind protocols that must be followed for each Country.

Our growth will have no limits. Substantiating our INTERNATIONAL presence!

Fraternally, Submitted,

---

# Section V

**(Membership Reports)**

Roster of Convention Delegates & Alternates

AHEPA Membership Summary

AHEPA Membership Roster

# Official List of the Supreme Lodge, Board of Trustees, Past Presidents, Board of Auditors, District Governors, Delegates and Alternates

(as reported to the Supreme Lodge Headquarters as of June 1, 2021)

The members on this list will be entitled to participate in the proceedings of the 99th International Supreme Convention of the AHEPA to be held in Athens, Greece, July 24-30, 2021; **PROVIDED:** they are *bona fide* members, in good-standing of the chapters to which they belong or claim to represent; that their per capita tax has been paid to Headquarters per the Constitution; that they possess credentials issued to them from the Supreme Lodge Headquarters; and that their chapters are entitled to be represented at the said National Supreme Convention under the Constitution of the AHEPA.
